Split Widens Between Reds And Sukarno

Aide Says Chinese Have No Influence On Policy Decision

JAKARTA, Indonesia (AP) — The split between Indonesia and Communist China has widened, and President Sukarno appears to be seriously reappraising his Peking-oriented foreign policy.

Antagonism between the two countries developed after the attempted coup Oct. 1, which the Indonesian army's leaders say was planned and directed by the pro-Peking Indonesian Communist party, the PKI.

For weeks Sukarno stubbornly resisted demands from the army and anti-Communist organizations to reshape his foreign policy. Now it seems that Sukarno has conceded.

This was indicated Thursday by first Deputy Premier Subandrio, the foreign minister, who usually speaks for Sukarno, in an interview with the army newspaper Berita Yudha.

He said that because of pressure from the PKI, Indonesian foreign policy had been influenced by the Chinese position in Peking's dispute with Moscow.

Now that the PKI has been practically eliminated from the scene, Subandrio continued, he is free to carry out a foreign policy based on "realism."

He said: "In the past, in the struggle against neocolonialism, colonialism and imperialism, our foreign policy was influenced by the existence of ideological conflicts of one Communist party with the other. At present we are free from that."

"I obviously have the freedom now not to be entangled with the

Weather Brightens

Gemini Pair Set For 14-Day Orbit

CAPE KENNEDY, Fla. (AP) — The weather outlook brightened today as Gemini 7 astronauts Frank Borman and James A. Lovell Jr. made final preparations to start off Saturday on man's longest venture into space.

Space agency weathermen had been concerned about a fast-moving trough of rain moving across the southern United States toward Florida. But they said today it probably would pass out to sea before Saturday's scheduled 2:30 p. m. blastoff time.

"The weathermen predict cloudy weather in the launch area tomorrow, but consider that conditions will be satisfactory," a NASA spokesman said. Otherwise all elements of the launching were reported in excellent condition.

Borman had dinner Thursday night with his wife and two teen-age sons, who flew here from their Houston, Tex., home to observe the launching. Mrs. Lovell is expecting a baby, perhaps while her husband is whirling through his two weeks in orbit, and remained in Houston.

"The weather may not be as good as we've had it on some past shots," said Charles Matthews, Gemini program manager.

Agreement Announced

Negroes, Stores Ready To End Natchez Boycott

NATCHEZ, Miss. (AP) — A Negro boycott which brought the downtown shopping area to the verge of "economic stagnation" was near an end today with civil rights forces claiming a victory.

The three-month boycott brought from both merchants and the city government what the NAACP called a settlement of major racial differences.

Charles Evers, state field director for the National Association for the Advancement of Colored People, said the full agreement would be outlined today in a news conference, with Mayor John Nossor sitting in.

Archie Jones, acting head of the Adams County NAACP chapter, said 21 stores which met Negro demands would be taken off the boycott list.

"That's most of them in that Main and Franklin Street area," he said. "Those that refused to comply will stay on the list."

Jones said the 21 merchants opened more job opportunities to Negroes and agreed that bills mailed to Negro customers would bear the courtesy titles of Mr., Mrs. or Miss.

Jones said the Negro agree-

ment was not unanimous. The Freedom Democratic party faction, he said, would not go along with the NAACP.

"They don't ever agree to anything," he said. "I don't think they can do much."

Secilia Brown, chairman of the party in Adams county, said the group would protest ending the boycott without winning additional concessions. She said she didn't know what form the protest would take.

Evers said the effectiveness of the Negro boycott, which caused an uneasy stir in merchant circles over the South, proved the NAACP argument.

Zambia Gets British Jets, Troops Due

Forces Guard Dam Rhodesians Might Damage On Border

LUSAKA, Zambia (AP) — British Royal Air Force planes began landing today in Zambia as negotiations continued on the stationing of British ground troops in rebellious Rhodesia's northern neighbor.

A Britannia transport carrying equipment arrived this morning in Lusaka, the Zambian capital, and several Argosy freight carriers followed. Lusaka is 85 miles from the Rhodesian border.

A squadron of Royal Air Force Javelin jet fighters, waiting in Kenya since Wednesday, was scheduled to land later in the day at Ndola, one of the main towns in Zambia's rich copper belt. Ndola is 300 miles north of Rhodesia.

Under an arrangement accepted Thursday by President Kenneth Kaunda, Britain will send additional four-engine transports to Ndola to beef up Zambia's air defenses.

Informed sources said the RAF planes and Zambia's air ports would be under British control. They declined to say how many men of the RAF regiment would accompany the planes.

In London, British Prime Minister Harold Wilson told the House of Commons: "The presence of the Royal Air Force will be a very important factor in helping cool down the situation." Their official mission is to provide air defense for Zambia — so that other African nations won't send planes in.

Commonwealth Secretary Arthur Bottomley was winding up talks in Lusaka with Kaunda and his ministers over conditions for the stationing in Zambia of British ground troops which Kaunda wants to protect the Kariba Dam. The dam, on the border between Rhodesia and Zambia, is operated by the Rhodesians and furnishes power for the Zambian copper belt.

Informed sources reported Kaunda still is insisting that British troops seize the dam's vital electric power plant, which is on the Rhodesian side of the border. Britain refuses to invade Rhodesia, although Wilson said British troops would act if Rhodesia cut the power from the dam.

Planes Rain Bombs On Viet Targets

Ground Units Find No Enemy On Hunt Into Jungle Areas

SAIGON, South Viet Nam (AP) — U.S. and Vietnamese troops beat through the jungles of South Viet Nam today without bringing the Communists into major action for the third successive day. But American planes kept up their attacks on North and South Viet Nam with undiminished fury.

Communist snipers shot down a U.S. Marine helicopter carrying a crew of four Americans and nine Vietnamese troops south of the big U.S. air base at Da Nang, 380 miles north of Saigon. All aboard were presumed dead. The 'copter was in a flight of eight seeking out the Viet Cong.

U.S. spokesmen also reported that a propeller-driven Skyraider from the carrier Bon Homme Richard was hit Thursday over North Viet Nam and crashed into a peak 40 miles northwest of Dong Hoi, a railroad near the 17th Parallel frontier. The pilot was listed as missing.

The nuclear-powered carrier Enterprise sent up 118 planes on her second day of combat. The Big E's planes dropped 102 tons of bombs on suspected Viet Cong troop concentrations and supply dumps in South Viet Nam. Spokesmen said 60 structures were destroyed and 65 damaged.

Of the pause in the ground action, a U.S. spokesman said: "We've had these lulls before. We're beating the bushes for the Viet Cong. When they want to start it up again, they can."

The only ground action reported was a minor clash involving patrolling U.S. Marines near Da Nang. Spokesmen said there were no Marine casualties.

Guam-based B52s roared over South Viet Nam again during the night, hitting three battle-scarred targets with their heavy bomb loads. Two of the sites were near the big abandoned French rubber plantation 45 miles northwest of Saigon where the Viet Cong nearly annihilated a Vietnamese regiment Saturday.

Another raid was on Chu Pong Mountains towering over the Ia Drang Valley of central Viet Nam, where U.S. air cavalry-

Parade Units Mount To 60 At Wellsville

Sixty units now have been registered for Wellsville's Christmas parade Saturday, beginning at 2 p. m., Chairman Walter Henthorne said today.

Three bands are among the organizations which will appear in the line of march. A final meeting of the parade committee will be held tonight at 7 in the Jaycees Hall.

The parade, being sponsored jointly by the Greater Wellsville Association and the Jaycees, will form at 9th St. and Broadway and move uptown through the business district to the square at 4th St.

Santa Claus will have a treat for the children from 3 to 4:30 p. m. at the square, Henthorne reminded.

Probe Launched Into 'Blackout' Over Southwest

EL PASO, Tex. (AP) — A power failure that momentarily blacked out four key military bases and plunged a million persons into darkness in New Mexico, Texas and Mexico has brought a federal investigation on orders of President Johnson.

The power failure, triggered in El Paso, was a small-scale version of the blackout that left 30 million persons in the Northeastern United States and Canada without power for up to 13 hours Nov. 9.

All four military bases reported they switched almost immediately to auxiliary power. But many civilian population areas were without power for more than two hours.

Authorities of El Paso Electric Co. said the trouble was traced to failure of a device which regulated flow of natural gas to the two units of the company's Newman Plant near New Mexico's border with Mexico.

President Johnson sent J. R. Johnson, a Federal Power Commission engineer from Ft. Worth, Tex., to El Paso to determine what caused the device to fail and report to him.

Joseph Laitin, acting press secretary, also said Johnson got

assurances that all military bases in the area shifted almost immediately to emergency power supplies and that communications systems were not interrupted. However, Laitin said Holloman Air Force Base was without runway lights for some time.

Other bases affected in El Paso included Biggs Air Force Base, where Strategic Air Command bombers are on constant alert, and the Army's Ft. Bliss, which has an air defense school for instruction of U.S. and Allied troops in use of air defense missiles.

White Sands Missile Range in southern New Mexico, a missile development center, also was plunged into darkness.

"The mission capability of the Air Force Missile Development Center was maintained, and combat readiness was not affected," a Holloman spokesman said.

An area extending from El Paso to Socorro, N.M., 175 miles to the north, and to Van Horn, Tex., 120 miles to the east, was affected.

And most of the lights of Ju-

Soviet Seen Not Willing To Aid Plan

Britain's Stewart Says Gromyko Not Sympathic To Bid

JOHNSON CITY, Tex. (AP) — The possibility of a multi-national peace offensive on Viet Nam became doubtful today.

The hope was triggered Thursday when British Foreign Secretary Michael Stewart proposed that his country and the Soviet Union take the initiative in setting up a conference aimed at achieving cease-fire.

Secretary of State Dean Rusk, fresh from a four-hour conference with President Johnson, then announced that the United States is prepared to attend almost any Southeast Asia peace conference.

This was the Johnson administration's direct response to the Stewart suggestion, voiced over live television in Moscow and thus interpreted as possibly indicative that the Soviets were interested.

But today, Stewart told a Moscow news conference that the Soviet viewpoint on Viet Nam "does not, at present, seem to open a door" toward settlement.

Asked if Soviet Foreign Minister Andrei A. Gromyko reacted sympathetically to the suggestion, Stewart said: "No, I don't think he did. Stewart said, 'he simply insisted that the Soviet Union has no authority to negotiate.'"

There was no immediate U.S. reaction to the latest Stewart statement.

The earlier glimmer of hope for peace talks followed by scant hours Johnson's own first significant pronouncement on

2 Are Beaten In Attempted Area Robbery

The operators of a tavern in Madison Township were treated early this morning at City Hospital here following a robbery attempt at their trailer.

Claude Anderson of Wellsville R.D. 1, one of the proprietors of the Bar X Tavern near the Y. and O. Rd., was treated at 4 a. m. for lacerations of the scalp and forehead and his wife, Mildred, for contusions of both ears.

After closing the bar, Anderson returned to the trailer, 50 feet away.

The Andersons shortly heard a knock on the door. Upon answering, two men demanded money. "What money?" Anderson asked, and a fight broke out.

The would-be robbers then fled.

The Andersons told Deputy Herman (Cy) Wellman of the Columbiana County sheriff's office that they were unable to identify the men. Wellman, who was continuing the investigation today, accompanied the Andersons to the hospital.

Some Hard-Boiled Thoughts

Jumping To Conclusions

By HAL BOYLE
NEW YORK (AP) — Jumping to conclusions:
Few fat men beat their wives. The guy most likely to take a sneaky punch at his hausfrau usually is skinny and underweight.
Red is the favorite color of most men, but not many executives have the courage to wear a crimson necktie on the job. In

the business world today promotion seems to go to the guy who buys the dullest neckties.
Pet lovers profess to see brooding mystery in a cat's eyes. Actually, their eyes are merely blank. Cats don't think, because they don't have much to think with. How much brains does it take to outwit a mouse? When a cat isn't asleep, it has only one problem on its mind—finding something to stalk.
The average barber is a clam compared to the average cab driver. Most barbers today dislike their reputation for being unduly loquacious, and let the man in the chair do most of the talking — if any.
Never marry a girl who suddenly gets more affectionate just before Christmas. If you do, you'll find she expects you to play Santa Claus for her all year round the rest of her life.
There is a great deal of argument about what our policy in Viet Nam should be, but no one

so far seems to have come up with a more workable policy than that being employed by our troops over there: Pull the trigger whenever necessary.
What we'd like to see put on the market is a new product that isn't made of plastic and can't be wrapped in a plastic bag. Whatever the product is, we'll order a dozen.
Laughter is no protection against ulcers. People who are outwardly jolly and cheerful get them just about as often as Gloomy Guses.
Nobody hoping to be mentioned favorably in the will ever was so grief-stricken that he jumped into the grave with a rich relative.
The percentage of drug addicts is higher among doctors than among high school students.
Only one thing in this crass and cranky world gets no criticism and deserves none — a rainbow.

New Amendment May Be Approved By 1966

WASHINGTON (AP) — It probably will be 1967 before constitutional changes proposed to deal with the problems of presidential disability or death can go into effect.
However, there is still a chance that the amendment submitted by Congress to the states could be ratified next year.
Twelve of the necessary 38 states already have approved the proposed 25th Amendment. It would set up procedures under which the vice president could take over presidential duties if the president became incapacitated and would provide for selection of a new vice president when that officer stepped up permanently to the presidency because of death of the chief executive. Now the office stays vacant until the next presidential election.
New Jersey this week became the 12th state to ratify the amendment.
American Bar Association officials, who strongly backed the change as a repair for a gap in U.S. constitutional arrangements, said the amendment's fate in 1966 would be determined by how many state legislatures hold special sessions and how many of these consider the amendment.
The ratification got off to a slower start than anticipated this year because of differences between proposals in the U.S. House and Senate.
By the time the two chambers had agreed and given the requisite two-thirds vote to the pro-

posed amendment, it was July 6, too late for state action in many of the 1965 regular sessions. And 1966 is a year when comparatively few state law-making bodies regularly meet.
Among those which do are the legislatures of Alaska, Colorado, Delaware, Georgia, Hawaii, Kansas, Louisiana, Maryland, Mississippi, Minnesota, New York, Nevada, Rhode Island, South Carolina, Virginia and West Virginia. None of these states has ratified the amendment, but it has been introduced at a special session in Delaware.
Beside these 16 regular sessions, special sessions already either have been definitely called for 1966 or discussed in six other states — Connecticut, Maine, North Carolina, Tennessee, Utah and Vermont — which have not acted on the amendment.
However, even if all the regular sessions and special sessions now in sight result in ratification by the respective states, the total at the end of 1966 would be 34 ratifications, still four short of the constitutional requirement.
So, unless even more states convene special sessions which act favorably, the amendment could not be written into the Constitution earlier than 1967.
The 12 states which have acted favorably are Arizona, Arkansas, California, Indiana, Kentucky, Massachusetts, Michigan, Nebraska, New Jersey, Oklahoma, Pennsylvania and Wisconsin.

OEA Studies Local Level Voter Activity

COLUMBUS, Ohio (AP) — Shake off discouragement over the defeat of State Issue No. 1, the Ohio Education Association's outgoing president has told OEA members, and "find other avenues with which to approach our problems."
President Robert Dowling of Alliance introduced a five-point program, including a call for increased political activity at the local level. The 1,068 delegates of the OEA representative assembly unanimously adopted the program.
The voters' rejection of State Issue 1, Dowling said Thursday, was "clearly the defeat of a tax question (proposed sales tax increase), not the disapproval of a plan to provide a quality education program."
The program, developed by the association's executive committee, policy making body for the 80,000-member professional association, calls for:
1. Comprehensive analysis of all factors involved in education improvements.
2. More comprehensive program of information to the public to show the needs and inadequacies of Ohio's public schools.
3. Investigations into community, school district and professional conditions which hinder the "orderly development of sound educational programs and teaching situations."
4. Establishment of systematic and continuing contacts with groups at the state and local levels.
5. Establishment of local political action programs to secure election of candidates willing to fight for better schools.
Dowling will be succeeded tonight by President-elect Paul

Hayes of Columbus. A president-elect to succeed Hayes was to be chosen today. Northeast Ohio had the 1966 - 67 presidency cinched, since the rivals were Canton's Kenneth Kate and Warren's Elvira C. Wright.

Lorain Youth Killed

LORAIN, Ohio (AP)—A 15-year-old Lorain youth was struck by a car and killed Thursday night while he and two companions were going home from a basketball game. The victim was William Lachwyn, whose death was the 58th Lorain County traffic fatality this year.

Film Output Boosted

ROME (AP)—The Italian Movie Producers Association reports 221 films completed in the first 11 months of 1965, 21 more than in the same period last year. In this year's batch, 77 were financed by foreign capital entirely and 64 in part.

Christmas Dance Set By DeMolay Chapter

Harding Chapter, Order of DeMolay, will hold its Christmas dance Dec. 30.
Plans for the event were discussed at a meeting Thursday night in the Masonic Temple. Rick Fisher, master counselor, presided.

An appropriation of \$25 was authorized for materials needed in initiation ceremonies. DeMolay basketball practice will begin Monday.

Noted Briton Dies

LONDON (AP) — Air Chief Marshal Sir John Steel, 88, former commander of the air defense of Britain, died Wednesday. He had served Britain on land, sea and in the air, and was in service in the Boer War in South Africa and in World War I and World War II.

In our advertising and our store window, no doubt many of you have observed a small oval emblem with "AGS" inscribed on it. This signifies membership in the American Gem Society - an organization of professional jewelers devoted to the up-grading of the jewelry industry. There are only slightly over a thousand retail jewelers in this country who are eligible to maintain membership in the Society. "AGS" associated with a jeweler is like "C.P.A." following an accountant's name.
First of all, it is necessary for the retail jeweler to prove professional training in gemology. This means the study of diamonds in all phases, proper gem identification and the modern methods of merchandising fine jewelry. Combined with this, is a proven record of the highest business ethics and integrity in selling, and an attractive store in keeping with the American Gem Society standards.
Naturally, James Locke Jeweler, is proud to display the American Gem Society emblem, and we strive very hard to live up to all the Rulings of the Society, as well as the FTC and Better Business Bureau regulations which are also mandatory for all Society members. We feel that AGS affiliation is one additional service that we can provide our customers, and is another good reason why you can shop with confidence in our store.

'... And He Lives Forever'

As inevitable at this time of the year as caroling, gaily-decorated trees, sleigh bells, gift exchanges and colorful greeting cards is the appealing question: "Is there a Santa Claus?"

It has been raised again, this time by an area girl who ends a "letter to the editor" with a touching "... Please tell me the truth, is there a Santa Claus?"

No better answer ever has been offered than that which the New York Sun published in 1897 when a little girl by the name of Virginia O'Hanlon dropped the same query on another editor's desk after some of her friends had cast doubts on the existence of Santa.

For the writer of the local letter and to others who may be skeptical, the Sun's time-honored words are repeated below:

"Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours, man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole truth and knowledge.

"Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There

would be no childlike faith, then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

"Not believe in Santa Claus! You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are unseen and unseeable in the world.

"You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, not even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view—and picture the supernal beauty and glory beyond. Is it all real? Ah, Virginia, in all this world there is nothing else real and abiding.

"No Santa Claus! Thank God he lives, and he lives forever. A thousand years from now, Virginia, nay, ten times ten thousand years from now, he will continue to make glad the heart of childhood."

High Cost Of Old-Age Illness

One point in the stand-offish attitude some medical doctors say they will take about "medicare" is more interesting than other professional positions on the negative side of this issue.

It is the position that medical doctors will determine patients' ability to pay, give their services free to indigents, but bill all others in the regular way. In any case, the doctors will not participate in "medicare."

Presumably, some way then can be worked out for patients to reimburse themselves through "medicare" for doctor bills that have been paid, but this is indeterminate.

The assumption some of the doctors are making that they can determine who can afford to pay and who can't is especially interesting.

Just how could this be done, short of investigation in depth of the patient's financial affairs over a period of years?

That would be invasion of privacy, though it has been done before by the medical profession, usually for the purpose of determining who could pay more than the going rate for medical services.

Solomon Couldn't Handle It

If an academic storm is going to blow up over charges that women applicants are being discriminated against by college admission boards, there may be a silver lining in the storm clouds.

The lining would be a better way to decide who should be admitted to college. Obviously, it is time to do away with human judgment and wheel in the computers. Solomon, himself, couldn't qualify as a collegiate admissions officer.

Human judgment might conclude that more men applicants than women applicants should be admitted to college because more men than women need college preparation to earn a living. This is because more men than women are employed; there are more male breadwinners.

Human judgment might go so far as to point out that no applicant of either sex should be

admitted to college as a freshman without rosy prospects of finishing the entire course. College dropouts and force-outs are a gross waste of time and money.

This has been, in fact, the way human judgment has been working in this matter of college admissions. Where there has been no second-guessing, it has worked well. Private schools screen applicants closely and have been doing a good job.

But now comes a squawk that more men than women have been admitted to colleges under the human judgment method and this is un-American, discriminatory, defamatory, defiant and so on. So ... roll in the computers.

Digitalize the whole process, then blame all results on impartial computerization like all other touchy decisions that mere men are anxious to get rid of in this year of electronic miracles.

By Martin Miller

Letter From Max

Dear Truman Twill:

Now that you newspapermen have taken to publicizing the romances of the daughters of President Johnson, the least you could do would be to give the beaux an even break.

You keep writing stories about who this Miss Johnson is going with and who that Miss Johnson is going with but you never say who the discarded guy is going with.

In a democracy such as ours, both parties should be entitled to equal space in the public press.

This necessarily carries with it the responsibility to report who the guy dropped to date one of the Miss Johnsons, who the dropped girl is dating and who the guy is dating after he drops a Miss Johnson or she drops him.

Even you should be able to see that this is a primary concern of all of us Americans. How can we know how to vote if the press does not give us the necessary information?

The press did a pretty fair job on the Roosevelt boys, but public opinion did not seem to have much influence there. I never kept score card on their marital adventures, did you?

One thing you as a newspaperman can be proud of is that a fellow newsman, Clifton Daniels of The New York Times, married Margaret Truman, daughter of President Truman.

Newspapermen in the Hollywood tradition are fearless. It would have to be the old story of "Love Conquers All" to marry a president's daughter.

I never even had a date with one. Did you, Twill?

Can you imagine putting on your Sunday-to-meeting suit to brace the old man to ask for his daughter's hand?

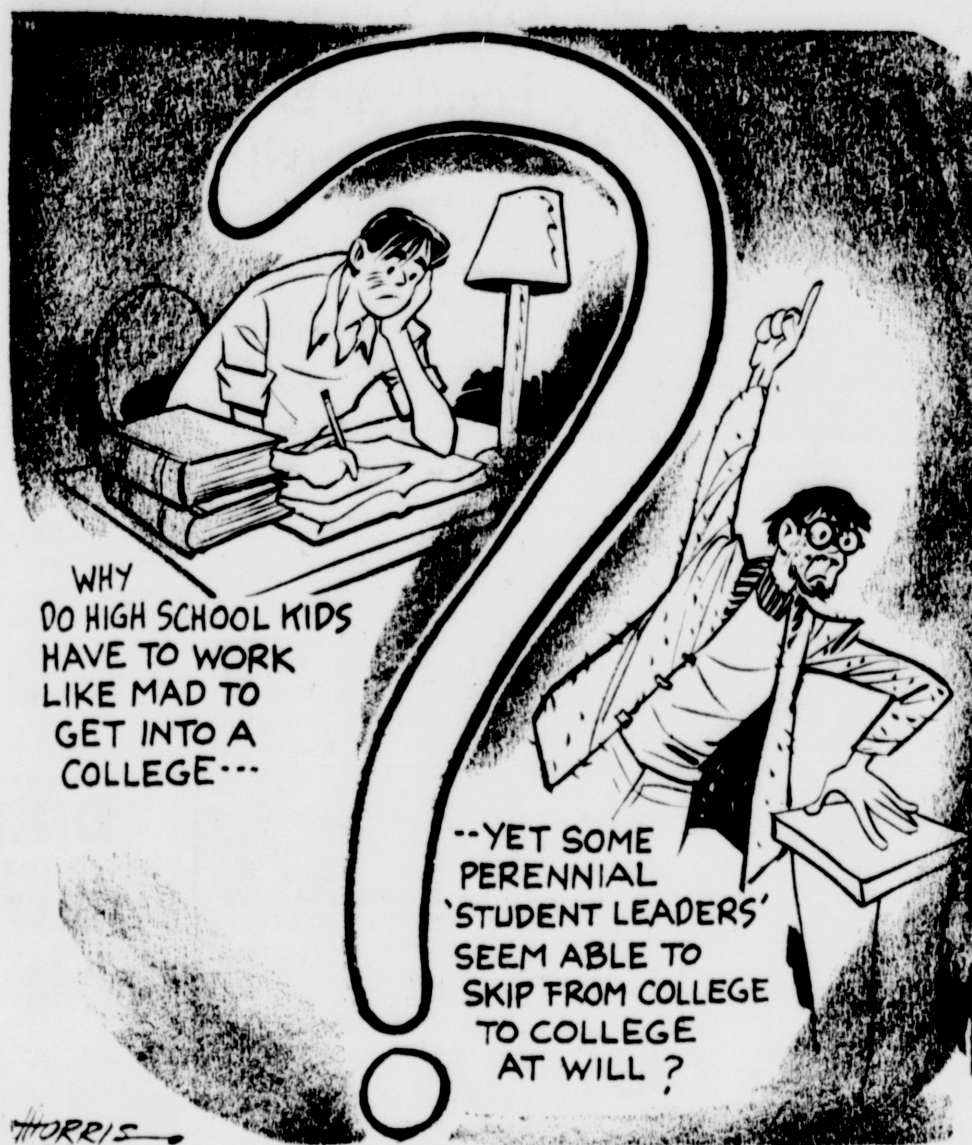

"Ah yes, young fellow, I've been expecting you," might be his bone-chilling greeting when you appeared to break the news that you were going to get hitched. "And what are your prospects?"

No telling where it all would end.

Faithfully yours,
MAX

Editor's Note: Twill volunteers the information he almost had a date with Teddy Roosevelt's daughter Alice, but she decided at the last minute he was too old for her.

Our Mid-Term Quiz

Equal Sex Laws Prove Unfunny

By Victor Riesel

Most everybody has been guffawing about this new equal sex law or writing of it as though it were a script for Bob Hope.

You know, men are bumping women on the seniority line, or looking for jobs as night club bunnies or as attendants in a corset shop; or the ladies want jobs supplying towels in a men's Turkish bath. And will a lady now be able to pitch for the Mets, asked one of the country's most staid journals with new-found kittenish humor.

Everybody is chortling over the new Title VII Equal Employment Opportunity clause, which says the sexes must be treated equally in hiring — almost everybody, that is.

However, it is all very unfunny to some astute government, industry and labor leaders who have taken a good look at the law which Franklin D. Roosevelt Jr. now is trying to administer.

IT WILL COST the nation's public and private enterprises hundreds of millions of dollars annually if ever it is really enforced.

It all springs from the fact that the men want what the women have — special privileges, earlier retirement, easier work codes, special seats, everything in fact except four weeks off before childbirth as provided by the laws of Puerto Rico and six states.

What the male worker is saying, in growing numbers, is: if discrimination against any sex is now illegal and all are equal, then the women should not be more equal than men.

Thus Mr. Roosevelt's headquarters have received complaints from men who want one firm to permit them to wear rings since their fellow women employees are allowed to do so.

One chap has charged that he was discriminated against when a company refused to hire him as a secretary. He can take 175 words per minute. A female was hired who is much slower than he is. And he now wants the job.

MEN HAVE PROTESTED that the Pentagon won't hire them as overseas teachers; or that some banks want lady tellers.

Obviously thousands of companies will have to alter their hiring policies — and scores of federal bureaus as well.

But as Adam said to Eve after he bit the apple, this is just the beginning. There is the rather big item of retirement. In many areas and in many industries women retire earlier than men under private and public pension systems. In private industry, women can retire at 62 and most men at 65. Now the men say, why discriminate against us. We too want to quit at the earlier age.

Look also at the Railroad Retirement Board, a government agency. It handles, among other matters, the retirement pension system for almost 500,000 men and women, who once worked on the lines.

UNDER ITS RULES, women can retire after 30 years service at 60 years of age for benefits which the men can't get until they are 62 or 65. Now some of the railroad men are demanding sexual equality in retirement.

Victor Riesel

Why can't they quit at 60, they are asking. If the Railroad Retirement Board, as an example, is ordered by another federal bureau to obey the EEOC law, the whole system will have to be revamped at the cost of many millions of dollars.

Then there are laws which provide special conditions for women working between machines, near coke ovens, in foundries, on polishing equipment, etc., and in weight lifting and carrying.

It's now becoming apparent that male workers are beginning to demand equality under these laws, too. This weight lifting thing is tricky. Utah, apparently, is the most gentle of states. It forbids women to lift more than 15 pounds. Michigan is more lenient. Weight load for ladies in the auto state is 35 pounds.

MEN, UNTIL THE LAW came, were considered the tougher of the species. It was agreed they could lift and carry greater weights than the females. Now there is a move to carry as little weight as the distaff side does.

Obviously what started as a gag by some congressman, dazzled by the thought of equality of the sexes, has not proven to be a bit of gallantry. Some of it is tragic.

There are big corporations now which have been forced to merge the seniority lists of men and women employees — and since the men usually are on the job longest, the female workers, many without any other support, are being bumped from their jobs. Some are in their late 50s and have no place to go but on the relief roles.

This not so funny, un-bunny law needs sharp and swift repeal — and, some believe, even quicker repeal.

Through The Years

From The Review Files

THIRTY YEARS AGO — George S. Boice of East Liverpool, Columbiana County treasurer, was named chairman of the annual convention committee during a meeting in Columbus of the State Association of County Treasurers.

William Thompson was elected master of the Hookstown Grange and Ernest Nelson overseer.

TWENTY YEARS AGO — James W. Boyd II, grandson of Mr. and Mrs. James W. Boyd of the Calcutta Rd., was presented the Distinguished Service Cross and the Air Medal with two Oak Leaf clusters on behalf of his father, Maj. Charles K. Boyd, who was listed as having been killed in action in September 1944.

Fred G. Wilton was retained as president of the Midland school board and Joseph C. Green was named vice president.

TEN YEARS AGO — East Liverpool climaxed its greatest football season in history by having five members of the undefeated, untied team named to the 1955 Associated Press All - Ohio squad.

The congregation of the Boyce Methodist Church, which started construction of a \$15,000 building, marked its 50th anniversary with special services.

Grin And Bear It

"It seems like yesterday that our baby took her fingers out of her mouth and stuck them in the telephone dial!"

Benevolent Rich

By David Lawrence

U. S. Wealthy Help Fellow Man

The Communists frequently berate the United States as a country of "rich capitalists." The innuendo is that American life is permeated with selfishness.

But the Russians should take note of a dispatch the other day from New York over the wires of the United Press International. It points up a phase of American character which the people not only in the Soviet Union but in other countries as well should know about. It reads as follows: "Philanthropist William Black, who believes in giving away my money while I'm alive" has done just that with another million dollars — this time to New York City's Mount Sinai Hospital School of Medicine.

"The latest donation makes it the fourth time that Black, chairman of the board of the Chock Full o'Nuts corporation, has made a gift of \$1 million or more for medical welfare. The money will be used for a new postgraduate school of medicine."

The foregoing prompted this writer to take a look at a pamphlet recently issued by the American Association of Fund-Raising Counsel, Inc., a non-profit organization which collects data on what is happening in philanthropy.

IT'S POINTED OUT therein that in the year 1964 American citizens, business firms and foundations contributed a new high of \$10.6 billion to religious, educational, hospital, health, welfare, recreation, character-building and cultural programs.

Out of this sum, individual contributions amounted to \$8.5 billion, while non-profit foundations gave \$819 million and business corporations donated \$610 million. Charitable bequests amounted to \$671 million.

What perhaps is not generally realized is that federal and state inheritance-tax laws have been responsible, to some extent, for encouraging philanthropy during an individual's lifetime. If, for example, an unmarried man dies after having accumulated \$10 million, his estate would have to pay about \$6 million in inheritance taxes. Many persons would prefer to see their money being spent for specific purposes during their lifetime rather than let the government disburse it for a variety of objectives.

Reduction of income tax through deductible contributions to charity is very substantial for persons with high incomes. Thus, a single person with an income of \$100,000 a year can make a tax saving of 65 to 70 cents on every dollar given to charity. To put it another way, if a married couple with a \$200,000 income wish to give \$60,000 to charity, it would cost them less than \$20,000. But the chosen philanthropy would have the benefit of the more than \$40,000 that would otherwise have gone to the federal government.

INDIVIDUALS — those of moderate means as well as those in high-tax brackets — are the nation's major source of philanthropy. Out of a total of nearly 63 million persons who filed income tax returns in 1962, those who obtained deductions for charity numbered more than 26 million, with gifts totalling \$7.5 billion. This does not include contributions by individuals with relatively small incomes who used a tax-report form which doesn't require itemization of deductions.

One of the big factors that is beginning to worry the sponsors of many charitable projects in health and hospital care as well as education is recent legislation by Congress in these fields. It's feared that the impression will grow that federal, state and local governments are providing nearly everything and that there isn't the need now for charitable contributions such as has existed in the past. But as population increases, more facilities for education and medical care will be required, and the drives for financial support to private schools and colleges as well as hospitals are likely to be intensified in the future.

THE MAIN POINT, however, is that the American people — business corporations and individuals — have shown an unselfishness which is without parallel anywhere else in the world.

The United States is a rich country but its people also are altruistic. Today they are not merely helping fellow citizens who are in need but are sending millions overseas in private donations even while billions of dollars of taxpayers' money is being spent to help the people of other countries.

Maybe some day the Communists will learn what unselfishness really means and the whole world will be the better for it.

Odd Facts

The newly-opened \$70 million highway tunnel beneath 15,771-foot Mont Blanc between France and Italy cuts early a day's driving time from a motorist's trip between Paris and Rome. And more importantly, the tunnel eliminates the need, during times when most of the mountain passes are closed by snow, of making a long-way detour along the Riviera on the journey between Paris and Rome.

The 10 most unpleasant words in the English language, according to one recent poll, are: Belch, grub, slop, ground, asphalt, scratch, quack, backache, hunk and crabgrass. All these words denote something we find unpleasant and each sounds unpleasant in itself.

The earliest records of linen cloth have been found in Egypt, dating back at least 4,000 years ago. In tombs opened after 3,000 years, some of the linen wrappings have been found still in excellent condition.

Jupiter is the largest of the planets. Its equatorial diameter is 88,000 miles.

BPW Dinner Will Be Based On 'Christmas Traditions'

The annual Christmas dinner party of the East Liverpool Business and Professional Women's Club, to be held next Wednesday at the Travelers Hotel, will feature the theme "The Traditions of Christmas" in both program and decorations.

The club's officers, headed by Miss Joan Witt, president, and

the chairman of standing committees under the direction of Mrs. John Bebout, first vice president, are in charge of the event.

A feature of the program will be "Christmas Traditions of America and Other Lands," presented by Mrs. Nessie Dunlop, Miss Karole Kapp, Mrs. James G. McKinnon, Mrs. Mildred Urie and Mrs. Senja Vaughn.

Group singing of carols will be directed by Mrs. Jane Rife and a gift exchange is being arranged by Mrs. Robert A. Kapp and Miss Roberta Pennybaker.

Table decorations are being planned by Mrs. Betty Reed and Mrs. George McCullough, with place favors being provided by Mrs. Bebout and Miss Witt.

Mrs. Robert H. Jones and Mrs. Ellis Wright of the club's Membership Committee will present a surprise "get-acquainted" feature.

Club members are reminded that dinner reservations are due by Sunday with Miss Olive Williamson or others of the reservation committee, including Miss Helen Auld, Miss Helen Bibbee and Mrs. William Bricker.

Hospital Treats 3 Hurt At Work

Three men injured at work were among those treated Thursday at City Hospital.

John Blossel of Rogers R. D. 1, an employee of the Potters Construction Co., was treated yesterday morning after cutting his hand on a nail.

Danny Sorvillo of Girard, a Waterford Park employee, was treated for puncture wounds of the left hand received on a wire fence and Edwin A. Brown of Irondale, an employee of the James Brothers Coal Co. of Magnolia, was treated last night for a fracture of the fifth toe on his right foot received when an iron beam dropped.

Mrs. Ruth Ann Savage of 1002 Avondale St. was treated for a sprained ankle received when she tripped over a curb.

Greg Butcher, son of Mrs. Geneva Butcher of Georgetown, also underwent treatment for a sprained ankle received at school.

Clarence Owens Jr., son of Clarence Owens of New Cumberland R. D. 2, was treated for lacerated nose received on a tin can at home.

Ronald Waite of 314 Garfield St. was treated last night for a laceration of the left thumb received while using a linoleum knife.

Ronald Dunn of Newell was treated at 4:40 a. m. today for an injury of the right hand received when he fell down steps at home.

The leatherback turtle, sometimes found on oceanic islands, is probably the heaviest of reptiles. Some have been known to weigh up to 1,900 pounds, with an over-all length of nine feet.

Ministers Given Outlook On Ohio Needs For 1975

COLUMBUS, Ohio (AP)—Research reports aimed at helping Ohio Protestant ministers prepare their church missions in the next 10 years were being heard today at an Ohio council of churches conference.

One report said the church "needs to face up the socio-economic situation which will prevail by 1975." It was prepared by Mervin Smith Ohio and Joseph Duncan of Battelle Memorial Institute.

Their report told ministers

Ohio will have more youth and more older persons; people will live mainly in metropolitan areas, and that Ohio is a manufacturing state with its economy in transition and with an expansion of white collar jobs.

They estimated by 1975 about 30 per cent of the state's population would have an income of \$10,000 a year or more.

They noted there have probably been fewer changes in the church than in the socio-economic conditions, and that the living pattern of people under the newer socio-economic situation and culture is very different.

Train Kills Motorist

At Dennison Crossing UHRICHVILLE, Ohio (AP)—A 64-year-old Uhrichville man was killed Thursday night when his car was struck by a Pennsylvania Railroad freight train at a crossing in nearby Dennison.

TV Cable Pact OK'd

YOUNGSTOWN, Ohio (AP)—City Council has passed an ordinance allowing a franchise to be granted Youngstown Cable TV of Holidaysburg, Pa., to operate a community antenna system here. The ordinance was passed despite opposition from three Youngstown television stations.

Yuletide Event Follows Tea Of Westgate School Mothers

A Yuletide program followed the annual Christmas tea of the homeroom mothers of Westgate school Wednesday afternoon.

The tea was held in the cafeteria, with Mrs. Lois Kidd chairman, Mrs. Dorcas Raber, president of the Parent-Teacher Association, and Mrs. JoAnn Hilliard, homeroom mother chairman, poured from the silver service. The buffet table, covered with a Christmas table cloth, was centered with a net Christmas tree. Gold tapers, made by Mrs. Kidd, pine and Christmas balls were used as other decorations.

The program was held in the auditorium and included a Christmas playlet and a skit of "Mother Goose Land" under the direction of Mrs. Jane Rife. First- and second-grade students participated. Carols were sung by the students.

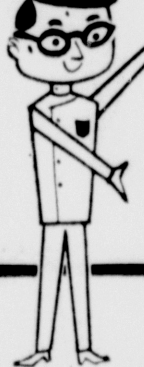

A bazaar of homemade items was held by Mrs. Jackie Blatch, Mrs. Deloris Hall and Mrs. Dottie Lucas. Lapel roses were presented to the teachers, who were guests. Thomas Dixon, principal, and Miss Mildred McGregor, assistant principal, also were guests.

Mrs. Kidd presented Mrs. Hilliard a gift from the homeroom mothers.

Special prizes were won by Mrs. Joan Bettridge, Mrs. Carol Shaw, Mrs. Karen Shockey, Mrs. Pearl Harold and Mrs. Emmett Varian. There were 140 present.

Mrs. Janice Williams and Mrs. Phyllis Bosworth were in charge of the serving.

The next meeting will be in January.

Officials Eye Snow-Blower For City Use

Mayor George E. Willshaw said today he and Safety-Service Director Robert E. Vodrey are investigating the possibility of purchasing a snow-blower unit as an adjunct to the street department's snow and ice control equipment.

The mayor and director viewed a film Thursday afternoon explaining the operation of a self-powered unit manufactured by Sicard Industries, Inc., of Watertown, N. Y. They are scheduled to go to Wadsworth sometime next week to confer with city officials on similar equipment that has been used in the Medina County community for the last two years.

Willshaw said the Sicard equipment is self-powered by a 60-horsepower gasoline motor. It is built to be attached to various types of rolling stock, including one of the highlifts which the city now operates, he said.

The manufacturer claims the blower will cut a six-foot-wide swath through deep snow, loading a truck every 30 seconds. The model being considered by the mayor and director sells for \$3,600.

Willshaw said if further checks show the equipment would be suitable for use here, it may be included in recommendations to Council for the 1966 municipal program.

He said the blower can be used to load trucks with snow picked up from the streets or it can be utilized to move the snow to one side temporarily, then load it from deep windrows.

The mayor said a snow-blower would be particularly useful in clearing city parking lots quickly and it also could be utilized to remove snow from thoroughfares where it can be piled up on the side of the right-of-way — such as stretches of the Pennsylvania Ave. "Hill Rd." the Freeway and the River Rd.

Mayors Will Pick Delegation To Confer With Gov. Rhodes

The Columbiana County Mayors Association, meeting Thursday night at the Wick Hotel in Lisbon, agreed to name a delegation at its January meeting to confer at Columbus with Gov. James A. Rhodes on the need for highway improvements and industrial development in the county.

The decision was made at a business meeting that followed dinner. Mayor Ralph Kennedy of Leetonia, president, presided.

The delegation which will confer with Rhodes will be named at a meeting on Jan. 6, when the mayors also will elect officers for the next year.

Mayor George E. Willshaw, who represented East Liverpool, said the association "wants to let Gov. Rhodes know that Columbiana County is trying to move forward."

The next meeting will be in Lisbon because of its central location, but no site has been selected, Willshaw said.

The mayors also discussed other business, including the Columbiana Metropolitan Housing Authority created to obtain federally-guaranteed loans for erection of low-cost housing units in various communities. The mayors' association was one of the organizations which pushed strongly for establishment of the authority and helped persuade the State Housing Board to authorize its formation.

Other mayors who attended last night, in addition to Willshaw and Kennedy, were Dean Stockman of Lisbon, Ernest Phillips of Summitville, William Ferguson of New Waterford, Robert Harding of East Palestine, Lee Harold of Columbiana, B. W. Snow of Washingtonville and G. H. Wilson of Hanoverton.

Mayors Dean Cranmer of Salem and W. H. Daugherty of Wellsville were absent.

'Toys For Boys' Made Theme Of Dinner Meeting

"Toys for Boys" was the theme of the dinner meeting of the Area Methodist Men Thursday night at the Calvary Methodist Church. Jack Allison, president, presided.

The toys turned in by the members were given to Carl Mansfield, superintendent at the Community Rescue Mission, for distribution at Christmas.

Movies were screened by Mansfield. Don Skidmore presented a vocal selection, with Mrs. Joann Birch at the piano. Group singing was led by Louis Provost.

Women of the host church prepared and served the dinner.

The next meeting will be March 3 at the Anderson Methodist Church in Calcutta.

Committee For GOP Lists \$4,029 Expense

The Columbiana County Republican Executive Committee spent \$4,029 in the campaign prior to the Nov. 2 general election, it was shown in a sworn statement of expenses on file today with the County Election Board.

The committee's report was signed by Sarah L. Hunt, treasurer. It was another in a series required by Dec. 17 from all candidates who sought office in the general election, as well as from committees which supported or opposed any candidate or issue.

Three Wellsville aspirants also filed the reports. Listed with the offices they sought, they are: James McGarey and George T. Lawton, both council-at-large, \$30.95 and \$5.87, respectively, and Glenn Matthes, Second Ward councilman, \$22.15.

'66 Model Car Taken From Downtown Area

Despite a wide alert to area law enforcement agencies, a real estate agent's 1966 model auto, stolen from the downtown area, remains missing today, police reported.

George Bright of Brightview Dr. told police his new Oldsmobile four-door hardtop, with only 900 miles on the speedometer, was stolen from E. 6th St. sometime between 8:30 a.m. Wednesday and 1 p.m. Thursday. The burgundy-colored auto carries license number GB-88, he said.

Bright told officers the auto's gasoline tank was three-quarters full when he parked it. The ignition keys were left in the glove compartment, he said.

Ohio Job Figures Sets Record, BUC Reports

COLUMBUS, Ohio (AP) — A record for the number of persons employed and the amount of money they received was set for the second quarter ended in June this year, the Bureau of Unemployment Compensation reported today.

Bureau administrator Willard P. Dudley said covered employment (those workers covered by unemployment compensation in the June quarter, totaled 2,629,775, and payrolls totaled more than \$3.9 billion.

He said total employment increased 215,700 by jobs at the end of October this year when it reached 3,898,200.

Housing Project Sold To Group In Chicago

CINCINNATI (AP) — The 910-unit Stratford Manor Village Apartments have been sold to a group of investors headed by Maurice B. Frank of Chicago.

No purchase price was disclosed, but local businessmen described the sale as the largest real estate deal here in recent years.

Collections Hit \$9,426 In Health Seals

Approximately \$9,426 of the \$30,000 goal has been collected to date in the annual Christmas Seal campaign sponsored by the Columbiana County Public Health League, with headquarters at Lisbon.

The funds are used in advancing tuberculosis education and prevention programs, Leo C. Lawrence of East Liverpool, president of the league, reminded today.

Miss Lillian R. Schroeder, executive director of the league, gave the following breakdown of collections to date, including townships and their chairmen: Butler and Knox, \$364, Mrs. Roy Thornton; Fairfield, \$806, Mark Klingensmith; Hanover, \$217, Mrs. John Lindesmith; Lisbon Area, \$945, C. R. McKenzie; Liverpool and St. Clair, \$2,614.25, Richard R. Emmerling; Middleton, \$104, Mrs. Helen McCall; Perry, \$187.70, D. L. Vincent; Salem, \$499, Debra Smith; Unity, \$833, Lester E. Hart; Washington, \$188, Thomas D. Rawlings; West, \$108, Mrs. Donald H. Stafford; Yellow Creek, \$559.75, Fred A. Huston.

The commissioners approved a travel allowance of \$39.80 for Donald Roberts, director of the county Mental Health Clinic, for trips made during November.

A payment of \$43.50 was approved to the city of East Liverpool as payment for 87 stray dogs destroyed.

Various Matters Are Handled By Commissioners

LISBON — The Columbiana County commissioners handled miscellaneous business during their meeting Thursday in the Courthouse.

They approved the final payment of \$441.90 to Architect Robert Beatty of East Liverpool for his work on the highway garage at North Georgetown.

Permission was granted Wayne Township trustees to purchase a dump truck costing approximately \$7,000.

The commissioners approved a travel allowance of \$39.80 for Donald Roberts, director of the county Mental Health Clinic, for trips made during November.

Group Selected To Set Plans For Irondale Event

IRONDALE — Temporary officers have been selected to make plans for the 1966 homecoming celebration here.

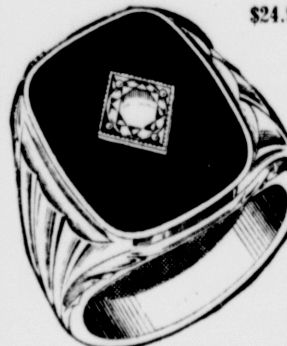

They are Art Wardeska, chairman; Mrs. Clyde J. Russell, treasurer, and Mrs. Dorothy Davis, secretary.

A joint meeting with the Irondale volunteer firemen will be held Jan. 5. Others interested also are welcome to attend, Wardeska said.

Radeschi, Chamber Join

Officials Issue Warning On Chain Referral Sales

Police Chief Americo J. Radeschi joined the Chamber of Commerce today in issuing a warning to East Liverpool district householders to beware of so-called "chain referral" sales schemes that employ high-pressure tactics to saddle consumers with debts on over-priced merchandise.

Radeschi and E. R. Chandler, executive manager of the Chamber, said the scheme is extracting millions of dollars annually from gullible consumers who believe the glowing promises of high commissions made by salesmen using the classic "something-for-nothing" appeal.

The two officials said they issued the warning because an area operation that appears to be using the "chain referral" plan now is under investigation.

Nothing that these schemes violate the postal fraud and lottery laws and probably conflict with many state lottery statutes, they said consumers discover after signing contracts that the promised commissions rarely materialize and the buyers are obligated to pay for something they wouldn't otherwise buy and usually cannot afford.

According to the National Better Business Bureau, with which the Chamber is affiliated through membership, the scheme works this way:

Prospects are told they are being given an opportunity to earn extra money by taking part in a "word of mouth" advertising campaign. All they have to do is supply a dozen or so names of friends or neighbors. For each one who buys the product, they will get a commission of \$50 or more. In this way, they get the product "free."

Beguiled by the promises and the salesman's assurances that people have earned \$3,000 in commissions in six months or \$1,200 or more in eight weeks, victims sign contracts obligating them to pay inflated prices.

They are led to believe that the income is a "sure thing" and that the contract they signed will be more than offset by a flood of commissions.

The BBB said the commissions are an illusion and monthly payments for the product involved must be met out of the consumer's own resources. If the payments are not made, a lawsuit is filed and the victim's financial problems are compounded, it said.

The odds against a bowler's achieving a "perfect game" of 300 in tournament play, according to the American Bowling Congress, are 1,200,000 to one.

Probe Asked In Geauga's Sheriff Feud

CHARDON, Ohio (AP)—The feud between Geauga County Sheriff Louis A. Robusky and County Prosecutor Edwin T. Hofstetter has flared again with the sheriff asking Gov. James A. Rhodes to remove Hofstetter from office.

The sheriff's request came late Thursday, at which time he produced a 49-page affidavit from a former prisoner at the county jail who claimed Hofstetter promised him favors if he would spy against the sheriff. The statement said the favors included the dropping of a fraud charge.

In a telegram sent to Rhodes, Sheriff Robusky said he had sufficient evidence to warrant an investigation of the prosecutor's office.

Robusky, 52, is the only Democrat among the county's top elected officials. He still is under indictment as a result of Hofstetter's investigations.

The affidavit produced by Robusky was given by James A. Warsing, 31, of Chardon, who said he testified before the county grand jury that indicted the sheriff.

Robusky currently is under indictment on three counts of violating jail rules and state laws regarding the rights of a prisoner. There have been five indictments against the sheriff and his wife, Audrey, who helps him run the jail, within the last two years.

The sheriff has repeatedly blamed his troubles in office on Hofstetter and the prosecutor's staff, claiming that Hofstetter never cooperated with the sheriff's department. Hofstetter has denied these accusations.

Hofstetter at first said he had no comment on the latest development, explaining that he had not seen the affidavit. But in answer to a newsman's question, he denied that he had made a deal with Warsing.

Amherst Man Claimed By Injuries In Crash

LORAIN, Ohio (AP)—A traffic accident Nov. 19 on Ohio 57 at the Ohio Turnpike claimed 76-year-old William Baetz of Amherst as its second victim Thursday.

Baetz died in Amherst Hospital of injuries received in the accident which killed his wife.

Ft. Slocum Closes

NEW ROCHELLE, N.Y. (AP)—Ft. Slocum, which has housed hundreds of thousands of American soldiers since the Civil

War, has heard its last retreat. The 80-acre Davids Island, on which the fort stands in New York Bay was closed in a Pentagon economy drive.

Guests were Mrs. Perroots, Mrs. Wagoner, Mrs. Ryan, Mrs. Jerry Smith and Mrs. Teeters.

The next meeting will be Jan. 5 at the home of Mrs. Evelyn Walker of the Washington School Rd.

Midland Society

N. A. Nuzzo NE 4-2315

Members of the Midland Junior Women's Club will send five bedspreads to the "Ship Hope" project this week, with Mrs. Andrew Gahoto, chairman of the international affairs committee, in charge.

Plans for the project were announced at a meeting Wednesday night at the home of Mrs. Guy Gengerella of Virginia Ave., which featured a coverdish dinner. Mrs. John Hine-man III was co-hostess.

The club will sponsor a ward party at the Dixmont Hospital in Glenfield Dec. 14, with Mrs. Michael Radeschi, welfare chairman, in charge.

Plans were completed for the annual Yuletide ball Dec. 11 at the Willows Motel in Industry. Reservations are to be made with Mrs. Gengerella, chairman, by Monday.

Children of members will be entertained at a Christmas party Dec. 19 from 1 to 4 p.m. in the social rooms of the First Presbyterian Church. Mrs. Gahoto is in charge.

The club made a donation to the Congressional Medal of Honor Grove in Valley Forge.

Mrs. Margie Yee, home life chairman, announced that the club's sewing contest will be held in February, with girls from the 7th to the 12th grades eligible.

Mrs. John Shovin III read the revised bylaws, which were approved by the club.

Mrs. Ed Richards, president, appointed Mrs. Howard E. Noil III as fine arts chairman.

The members held a Christmas gift exchange.

The next board meeting will be Jan. 5 at the home of Mrs. Ivan Francis of Hillcrest Manor, with Mrs. John Kilcoyne co-hostess. The next regular meeting will be Jan. 12.

Mrs. Paul Adams won first prize for pinocle when Mrs. Daisy Sobat of Midland Ave. was hostess to her club Tuesday night.

Other prizes were awarded Mrs. Claude Reed, Mrs. Elma Vukas and Mrs. Louis Gengerella.

Mrs. Vukas will be the next hostess.

Mrs. Agnes Roach was a guest when Mrs. Michael Hohan of Midland View entertained her 500 club Tuesday night.

Prizes went to Mrs. Sam Zuppe, Mrs. Grace Doyle, Mrs. David Schwerla and Mrs. William Verzella.

Mrs. Steve Fridrick of Fairview will be the next hostess.

Camp Fire Unit Names Officers

Officers were elected during the meeting of Jr. High Group 66 of Camp Fire Girls, Inc., Wednesday night at the Bryan Recreation Center in Dixonville.

Penny Smith was named president, Linda Cunningham vice president, Janice Koerber secretary, Karen Blackburn assistant, Jan McGeehan treasurer, Debbie Sanford assistant and Mary Lou Lough and Joan Koerber committee chairmen.

Mrs. Beverly Gray, guardian, presided. Miss Sanford and Miss McGeehan were named to represent the group on the ushering committee for the Horizon Club style show Dec. 11 at Mary Patterson Memorial.

Plans were made for a Christmas party and over-night stay Dec. 21 at the Little House in Dixonville.

The next session will be Wednesday at the center.

GOP Aims Funds In West Virginia

MORGANTOWN (AP) — Prominent West Virginia Republicans were to attend a meeting on party finances today at the Lakeview Country Club near Morgantown.

Rep. Arch A. Moore Jr., R-W.Va., one of the GOP leaders invited to the meeting, said the discussion would focus on the party's \$23,000 financial deficit.

Moore also said "at a meeting like this some questions would be asked about candidates for specific offices."

Others scheduled to attend the conference were state GOP Chairman John Shott of Bluefield and former U.S. ambassador to Panama, Joseph Farland.

Farland has been reported as a possible candidate for the U.S. Senate seat now held by Sen. Robert C. Byrd, D-W.Va.

Uncollected Bequest

TUCSON, Ariz. (AP) — A woman's will filed in Superior Court includes a bequest reading, "to my husband I bequeath 30 pieces of silver in the form of 30 United States dimes." The man will not collect the bequest. He died before his wife.

The largest rodent in the world is the capybara, of Central and South America. Sand-colored and virtually tailless, some of these animals weigh almost a hundred pounds.

RALPH STUMP

Will Represent Department.

Area VFW Posts To Take Part In Follansbee Rally

Ralph Stump of Charleston, adjutant quartermaster of the Department of West Virginia of the Veterans of Foreign Wars, will represent State Comdr. Ralph V. Honaker at the 1st District meeting in Follansbee Sunday at 2 p.m.

Post officers from Chester, New Cumberland, Weirton, Follansbee, Wellsburg, Elm Grove, McMechen and Moundsville will attend.

All VFW programs will be reviewed and new goals set. At the present time, the district ranks No. 1 in the largest membership districts in West Virginia.

Stump is a life member of Post 2716, Weirton, having held his present position for nine years. He was employed by the Wheeling Steel Corp. in Steubenville before moving to Charleston.

Chester Resident Named Officer In Shriners' Group

Jack Berry of Chester was elected first vice president when new officers were named Thursday night during a meeting of the Northern Panhandle Shrine Club in the Lions Club room in Weirton.

All other officers elected are from Weirton, including William Skiles, president; Wally Allen, second vice president, and Cal Beck, secretary-treasurer. Kenneth Snodgrass of Weirton was named a director for a three-year term.

A movie on "The Making of Steel" was screened for the 50 members who attended.

Allen Campbell, outgoing president, presided. The next meeting will be Jan. 4 at Weirton.

Rail Figure Taken

KANSAS CITY, Mo. (AP) — William Neal Deramus, 77, who got his first railroad job when he was 10 years old and became president of the Kansas City Southern Railroad in 1941, died Thursday. Deramus still was chairman of the railroad and its subsidiaries after having retired as president in 1961. Deramus suffered a stroke three years ago.

Lodge Names New Officers

Election of officers featured the meeting of Pennova Odd Fellows Lodge 880 Thursday night.

Robert Tucker was named noble grand, succeeding Charles H. Lough.

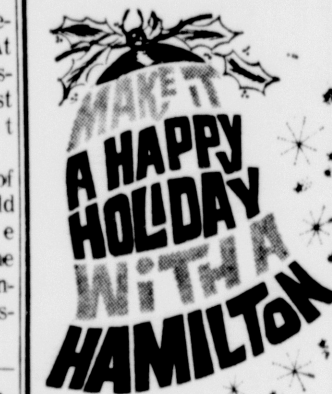

Others elected are: Lawrence Downard, vice grand; James T. Thomas, recording secretary; A. Stanley Kidder, financial secretary; Ray S. Stillwell, treasurer; Harold Goodballet, warder; Ed Wolf, degree captain, and Carol Mumaw, three-year trustee.

They will be installed in January.

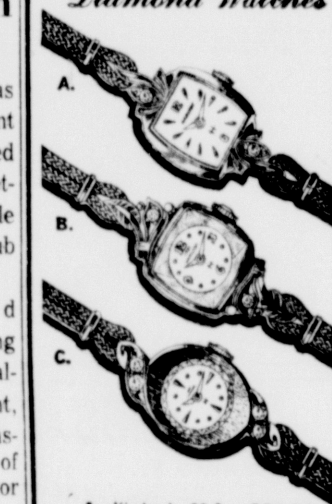

The group donated \$25 to the Christmas gift fund for the Aged in the Odd Fellows home at Springfield. Individual gifts will be taken to the home by the Christmas gift committee.

Election of Grand Lodge officers for 1966 and district representative to the Grand Lodge was held, with the secret ballots forwarded to the Grand Lodge for tallying. Results will be returned to the various lodges early in 1966.

Lunch was served.

Mongolia, 1965

Nation Caught In Red Feud

By JOHN BEST

Canadian Press Writer

ULAN BATOR, Mongolia (AP)—Mongolia, a landlocked country sandwiched between the Soviet Union and China, is trying desperately to catch up with a world which once trembled at the feet of its most famous son, Genghis Khan.

Not long ago it was a feudal realm of lamas and princes, loosely tied to China. Today, 44 years after communism took over, it is caught in the middle of the struggle between Red China and the U.S.S.R.

Where once the two giants appeared to cooperate in Mongolia, they now compete for influence. At the moment the Soviet Union appears far ahead, but some in Mongolia are not happy about the satellite status this has imposed on their country. And the Chinese have not altogether vacated the arena.

The present government of the Mongolian People's Republic — commonly known as Outer Mongolia — under Ummzhagin Tsedenbal, the premier and first Communist party secretary, has gone down the line with Moscow. Domestically it has allowed Soviet economic and cultural influences to flourish while apparently merely tolerating a limited amount of Chinese influence.

THIS POLICY is by no means universally popular. Many Mongolians, including some in high places, are disturbed that the government has been burning its bridges.

At a tense, noisy meeting of

the party's Central Committee last December, a number of speakers attacked government policies and demanded Tsedenbal's resignation. He put down the revolt and three officials regarded as promising candidates for future high office were expelled from the party.

Nobody here believes Tsedenbal's victory necessarily means the end of popular misgivings about his pro-Soviet policy.

A little more than a month after the rebellion, a Soviet delegation headed by a party Presidium member, Alexander N. Shelepin, came to Mongolia. It is believed Shelepin told the premier the Kremlin expected him to act decisively against any challenge to Moscow's position here.

Close collaboration with Moscow undoubtedly yielded dividends. In the next five-year plan it is estimated Mongolia will receive more than \$700 million worth of aid from Moscow, a remarkable amount for a country of only a million.

THIS TRADITIONALLY has been a land of nomadic herdsman. Its livestock—sheep, goats, cattle, horses, camels—outnumber its people 23-1. But while much of the nation's limited resources go into rural development, even more is being plowed now into industry.

Probably less than 30 per cent of the Mongolians are urban dwellers. Most of these live in Ulan Bator, a city of 200,000 whose name means "Red Hero."

About 60 per cent of the capital's people still live in yurts, tent-like dwellings similar to those of the herdsman. These are scattered throughout the city in pockets, often surrounded by fences which seem intended to banish the thought that the yurts are there at all.

On the streets, well-dressed young men and women walk briskly past sage-like figures in the belted robes of the ancient Mongols. Soviet cars and trucks have the wide streets almost to themselves. Soviet movies flood in. Russian books are everywhere in bookstores. Russian and East European magazines are sold on newsstands.

Outside the capital is a different world. Within a few miles you see bush-tailed horses galloping across rolling plains, ridden by men with wide, crimson faces and high cheekbones. They look as though they had just returned from a campaign with the ancient warrior-conqueror Genghis Khan.

Except for a single hard-surface route running north and south from the capital for 95 miles, few roads are worthy of the name. Overland transport is by primitive tracks which bend and twist around the mountain slopes or across river beds, disappearing in open fields.

About 80 per cent of Mongolia's foreign trade is with the Soviet Union. While submitting to massive Soviet economic and cultural penetration, Mongolia is making an obvious effort to contain Chinese influence. One reason is the country's wholehearted commitment to Moscow in the Soviet-Chinese quarrel.

"There isn't a Mongolian who doesn't fear China for historical reasons," says an informed Western observer.

While pursuing pro-Soviet policies, however, Mongolia shows increasing interest in developing relations with the outside world. Mongolia has diplomatic relations with about 30 countries but except for the Communist nations only one has established a diplomatic mission here — Britain.

Betts Seeks 9th Term

FINDLAY, Ohio (AP)—U. S. Rep. Jackson E. Betts is going for a ninth term as 8th District congressman, he announced Thursday night. The Findlay Republican represents Crawford, Hancock, Hardin, Marion, Morrow, Seneca and Wyandot counties. Delaware and Richland counties become part of the 8th under redistricting effective Jan. 1.

Blackout

(Continued from Page 1)

rez, Mexico, a nightlife city of about 300,000 population just across the border from El Paso, also went out.

Much of the area affected, including Juarez, is not serviced by El Paso Electric. Spokesmen said, however, that a sudden surge to these areas because of the trouble with El Paso knocked them out.

Public Service Co. of New Mexico, headquartered in Albuquerque, and the U.S. Bureau of Reclamation pitched in to assist.

A Public Service Co. spokesman said the company was feeding up to 113,000 kilowatts of power to the south at one point. The U.S. Bureau of Reclamation began speeding water through Elephant Butte Dam near Truth Or Consequences, N.M., to increase power production.

Ironically, the president of El Paso Electric Co., Ray Lockhart, had been quoted in an El Paso newspaper as saying that a power outage such as occurred in the Northeastern United States probably couldn't occur in this area.

And El Paso Mayor Judson Williams said utility companies one week ago assured him such a blackout could not occur in his city.

El Paso, with a population of about 350,000, was the most populous city affected. Police said only minor looting and burglaries were reported here. Off-duty officers were rushed to patrols of the downtown area and shopping centers.

People were caught in elevators, on streets without traffic controls and at jobs when the power failed at 8:02 p.m.

Flights to and from El Paso International Airport were unaffected because of emergency power.

Italy Clears Top Officials In Dam Disaster Of 1963

BELLUNO, Italy (AP)—Three high officials of hydroelectric power companies were acquitted today of charges of improperly operating the Vajont Dam before the 1963 disaster there wiped out towns and took 2,000 lives.

A huge landslide from Mt. Toc crashed into the dam's reservoir and splashed half the lake over the world's third highest dam onto Longarone and other north Italian towns. The officials were charged with operating the power system at Vajont without proper authorization at intervals between Nov. 17, 1962, and the day of the disaster, Oct. 9, 1963. They said the power plant had only been operated for brief periods to test equipment.

An Italian parliamentary commission which investigated the disaster reported last July it had been unable to fix any specific blame for the disaster.

2 'Queens' Crowned By Wellsville Class

Mrs. Josephine Koonz and Mrs. Margaret Joy tied for losing the most weight and were crowned queens for November when the Physical Fitness Class of Wellsville met Wednesday in Beacon Memorial gymnasium. A certificate for a hair style was received by Mrs. Koonz and a large basket of fruit by Mrs. Joy. The runnerup was Mrs. Pearl Ammon, who lost the most inches. She received a basket of fruit.

Mrs. Merle Arloski, president, conducted business and a Christmas party Dec. 15 was discussed. The dinner will be held at 6:30 p.m. at Meade's Restaurant. Games and a gift exchange will follow at the Glamour Cap Beauty Salon.

Meetings of the class on Monday and Wednesday nights at 7 in the gymnasium are open to women over 18.

Tobacco Sales Pass \$1 Million In Ripley

RIPLEY, Ohio (AP)—Tobacco buyers have paid out more than \$1 million since burley sales began here this week.

Growers received \$283,477 Thursday for 431,084 pounds of leaf—an average of \$65.76 per hundredweight.

Trees Felled At Billboards In Mystery

LOS ANGELES (AP)—The state claims stealthy midnight woodsmen, using power saws that make Paul Bunyan seem a piker, are felling the trees lining Southern California's freeways—usually leaving clear, unobstructed views of billboards.

And the state has an ax to grind with the phantom woodcutters.

"It's irritating," said Edward T. Telford, district engineer for the state division of highways.

"We used to have only one case of this a year. Lately we've been getting a rash—an epidemic," he said Thursday.

Telford said that four out of five times, "the obvious beneficiary was a billboard company."

The billboard companies, however, disagree.

Retorted one executive: "We have never cut down any trees. Occasionally, with permission, we have topped some trees. We feel the trees have been cut with the intent to cause problems for us."

Asked whom he had in mind, he replied: "Individuals who absolutely hate us, a minority with a lot of idiosyncracies who will do anything to create a disturbance and have the papers come out and blast the billboard companies."

What type individuals? "Garden clubbers, do-gooders with a platform of 'down with the billboards'."

Telford said the tree-cutting epidemic started last May 17.

The severed trees are left at the scene, the engineer said.

"We're not quite sure what to do," he said. "Obviously we can't stake out crews at night to try to catch these gremlins. They ought to be ashamed of this."

Negro Condemns Rev. King's Prize

CINCINNATI (AP)—A Negro newspaperman who says he is a member of the John Birch Society thinks Dr. Martin Luther King Jr. did not deserve the 1964 Nobel Peace Prize.

"I don't know of anything Martin Luther King has done but infuriate the white people," said George S. Schuyler, syndicated columnist and associate editor of the Pittsburgh Courier.

"I don't see what he did for world peace; he didn't do anything for domestic peace."

Schuyler made his remarks Thursday in an interview between two speeches in the Greater Cincinnati Area.

Schuyler also said he feels Negroes are being "duped" by Communists "who want to bring civil war to the United States."

People In News

HONOLULU (AP)—Adm. U.S. Grant Sharp Jr., America's top military man in the Pacific, says the "tide has turned" against the Communists in South Viet Nam.

Sharp made the statement at a news conference Thursday on his return from a week's visit to South Viet Nam.

"We are not losing any more," said Sharp, who had talked with Secretary of Defense Robert S. McNamara and top U.S. commanders and toured Marine installations in South Viet Nam.

RAWALPINDI, Pakistan (AP)—President Ayub Khan of Pakistan will be accompanied by Foreign Minister Zulfiqar Ali Bhutto on his trip to the United States, it was reported today.

TUCSON, Ariz. (AP)—Eugene C. Pulliam, publisher of newspapers in Arizona and Indiana, is the winner of the University of Arizona's John Peter Zenger Award for "distinguished service in freedom of the press and the people's right to know." It was announced Thursday.

Pulliam, 76, will receive a plaque during the annual convention of the Arizona Newspaper Association in Phoenix Jan. 8.

Pulliam is president of the Phoenix Newspapers Inc., which publishes the Arizona Republic and Phoenix Gazette, and president of the Indianapolis Newspapers Inc., which publishes the Indianapolis Star and the News.

Satellite Victims May Sue Owner Of Vehicle

MONTREAL (AP)—If a piece of satellite hit you on the head, you could sue the government that sent it up and probably win the case, an expert in air and space law says.

Sir Francis Vallat, acting director of the McGill University Institute of Air and Space Law, discussed legal problems and possibilities in the field at a news conference Thursday.

"There are many reasons why most countries would be anxious to avoid any legal complications," he said. "First, of course there is public opinion. Then there is a general agreement which is not a law, that a country is responsible for any damage caused by a satellite that belongs to it or that it has launched."

Japanese Figure Dies

TOKYO (AP)—Jotaro Kawakami, 76, former chairman of the Japanese Socialist party, died of a cerebral hemorrhage today at a hospital in Ni-rayam Hot Springs, about 100 miles southwest of Tokyo. He was 76.

Shower Honors Bride-To-Be At Irondale Home

A bridal shower was held this week at the home of Mr. and Mrs. Oliver Nicholson in Irondale in honor of their daughter Patricia, who will be married Jan. 22.

Miss Karen Workman and Mrs. Esther Sperande were co-

hostesses. Miss Rachel McLain was in charge of games.

Twenty-two attended, with guests from Paris, Ohio, Alliance, Brilliant, Wellsville, East Liverpool, Stratton and Irondale.

Mrs. Ethel Sharp has concluded a visit with her son and daughter-in-law, Mr. and Mrs. Robert Sharp of Richmond.

Miss Sarah Paisley, daughter of Mr. and Mrs. James Paisley,

has resumed her studies at Muskingum College after a visit here.

Mrs. Twyla Nicholson has concluded a visit with Mr. and Mrs. Eddie Hinch and family of Toronto.

Staff Sgt. and Mrs. Scott Patton of Rome, N. Y., became the parents of a son, Darren Scott, Nov. 30. The Pattons are former Irondale residents.

Inflation Threat Will Force More Guideline Government

WASHINGTON (AP) — Businessmen, banks and unions face the prospect of more and tougher "government by guideline" as the Viet Nam war heightens the hazard of inflation.

There is no keen alarm over price trends nor any contemplation of mandatory controls, well-informed officials insisted today. The scale of warfare foreseeable does not justify Korea type compulsion, they said.

But they indicated there may be broader and deeper federal intervention — if price, wage or interest — rate developments warrant — in the form of publicity, persuasion, and the fixing of voluntary goals and guidelines.

Some specific strategy may result from a meeting next week, at the LBJ Ranch in Texas, of President Johnson and the four officials he calls his economic "quadriad."

Though a White House spokesman said the meeting did not imply "undue concern" over prices, the price uptrend has quickened. An announced multi-

billion dollar step-up in government spending, mostly for the military buildup in South Viet Nam, could accelerate the rise.

The White House spokesman said the foursome — Secretary of the Treasury Henry H. Fowler; Gardner Ackley, Economic Council chairman; Budget Director Charles L. Schultze and William McChesney, Federal Reserve Board chairman — will "discuss the general economic picture."

Johnson has shown his willingness to lean the government's weight heavily against price or wage excesses.

In the recent aluminum case he risked his popularity with businessmen by an obvious and successful pressure play — the threat of heavy sales from the government stock pile to force producers to cancel a price increase.

That brought complaints of "government by guideline" and "managed economy" from some industry quarters. But most business groups seemed little disturbed; some simply took the episode as evidence that Johnson was more concerned over the price problem than he had ever admitted.

Others quickly raised the question whether Johnson had the inclination — or the weapons — to crack down on a union, if it made a steep wage demand, as he had cracked down on the industry group.

Secretary Fowler vowed that he would — that the administration "stands ready to blow the whistle impartially on labor and on business."

Fine Of \$200, Jail Sentence Given Driver

Walter Krotky, 50, of Negley was fined \$200 and costs and sentenced to a five-day term in City Jail Thursday after Municipal Judge Samuel M. Chertoff convicted him on a charge of driving while under the influence of alcohol.

The judge also suspended Krotky's operator's permit for 90 days. Since Krotky spent nearly four days in jail following his arrest on Nov. 14, the judge ruled that he will be credited with that time. He signed an order for Krotky's release from jail on Saturday morning.

Krotky was convicted in a trial that followed a lengthy hearing in which the judge overruled a defense motion to suppress the evidence and quash the affidavit. George A. Aronson, defending Krotky without fee, argued that Krotky had been jailed after a so-called "citizen's arrest." He said a citizen's arrest cannot be made without a warrant in a misdemeanor charge.

But Solicitor Richard J. Clark argued that Krotky had not been arrested by the citizen, Jack E. Ingram of Irondale. Ingram said he halted Krotky's car after a near collision between their two autos on the East Liverpool - Wellsville Rd. and that the Negley man agreed voluntarily to accompany him to the police station. The affidavit against Krotky was signed the following day by Ingram.

Krotky, meanwhile, was held in jail on a plain intoxication charge signed by Lt. William E. McDaniel, who said he acted on the basis of his observations of Krotky's condition after he came to the police station.

Following Krotky's conviction on the drunken driving charge, the judge dismissed the charge of simple intoxication, as is the usual custom when two affidavits are filed against an individual, based on the same set of circumstances.

New Officers Are Selected For Senior Citizens Group

Ollie Campbell was elected president of the East Liverpool Senior Citizens Group Thursday afternoon at the parish house of St. Stephen's Episcopal Church. He succeeds Jack Barrett.

Others named are Harry Davis, vice president; Mrs. Lillian McKeever, corresponding secretary; Mrs. Margaret Datwyler, recording secretary, and Earl Bole, treasurer.

The meeting was conducted by Campbell, retiring vice president, in the absence of Barrett. It was announced by Mrs. McKeever that the new membership cards will be available at the January meeting. Various reports were heard, including the progress of the craft project.

Mrs. Iva Fair, a member, was welcomed back after eight months in California. Mr. and Mrs. William Osborne, newlyweds and members of the group, were recognized.

Mrs. Osborne led the singing of carols, with Mrs. Nell Pelley at the piano. Mrs. Anna Dickey, queen for the day, received a corsage.

An out-of-town guest was Mrs. Gladys Candoo of Daytona Beach, Fla.

The kitchen committee served 182.

A delegation from the group left this morning by chartered bus for a trip to Pittsburgh. The next meeting will be Thursday.

Rogers Hunter Bags Deer In Pennsylvania

Glenn Rhodes of Rogers returned from a hunting trip Wednesday at Clarion, Pa., where he bagged a deer.

Mrs. Sylvia Raley was a guest of Mr. and Mrs. Sam Shafer of East Liverpool Thursday.

Mr. and Mrs. Glessner Hendricks of Lisbon were guests of Mrs. Ruth Cope Wednesday.

Motorist's Condition Listed As 'Guarded'

Weirton General Hospital officials listed the condition of Charles F. Woofter, 38, of 410 Ridge Ave., New Cumberland, as "guarded" today after he underwent treatment for severe head injuries received in a one-car crash on Route 2 near Kings Creek Bridge early Thursday.

Woofter's auto struck guard rails and a utility pole on a curve. The accident was investigated by the Hancock County sheriff's office.

Car Fire Kills Driver

LIMA, Ohio (AP) — An auto struck from behind by a semi-trailer truck Thursday exploded into flames, trapping Mrs. Alice Elaine Peters, 38, who perished in front of her home near here.

Mayor-Elect Intends To Help Akron Image

AKRON, Ohio (AP)—In his first public appearance since winning the Nov. 2 election, Republican Mayor-elect John Ballard told a gathering of industrial editors he wants to put Akron first.

"Akron has an inferiority complex brought on by the lack of action in the past," Ballard said Thursday night. He added that he intends to work the next two years toward improving Akron's image.

Ex-Utility Man Named By Ohio Valley Group

CINCINNATI (AP)—George J. Kuehne Jr., retired vice president of the Cincinnati Gas & Electric Co., is the new president of the Ohio Valley Improvement Association.

He has been named to succeed retired Brig. Gen. John L. Person, who resigned to become executive vice president of the National Congress of Rivers and Harbors.

Scout Program Held At Wellsville Church

Donald Theiss of the Cherokee District was assisted by Donald Ramsey, Scoutmaster of Troop 60 of East Liverpool, during the training session on the Cub orientation program Tuesday night in the Wellsville First Christian Church.

Den mothers from East Liverpool attending were: Mrs. Betty Hopper and Mrs. Marceline Wilson, representing Pack 31. Leaders from Cub Pack 22 of Wellsville and den mothers included: Lee Blakely, cubmaster; Arthur Geisse, committee representative; Don Hutchison, Boy Scout representative to the County Council; Mrs. Joy Salisbury, Mrs. Harriet Lanam, Mrs. Norma Heldman, Mrs. Arlene Mathess and Mrs. Barbara Buchanan.

A training session for Boy Scout leaders and den mothers will be held Sunday at Camp McKinley, with registration from 1 to 2:30 p. m.

Egypt Boosts Prices

CAIRO (AP)—Egypt has announced price rises in consumer products ranging from five cents for cigarettes to a 25 per cent boost in prices in appliances and automobiles. Government officials said the rise was caused by heavy increases.

An open letter to our customers

*

On the evening of November 9, a massive electric power interruption took place in the northeastern section of the United States and southern Canada. An estimated 30-million people were affected for varying periods of time. None of our customers was affected in any way by the blackout. Nevertheless I know that the question uppermost in the minds of our customers is:

"Can it happen here?"

It is an entirely proper and very important question and one that we who are responsible for the operation and management of the nation's largest investor-owned electric utility constantly ask ourselves in connection with the design and expansion of our System. As president of this company, let me reassure you as to the state of preparedness of YOUR electric company.

I cannot say—no one can say—with absolute certainty that, given an unbelievable combination of circumstances, such as a nuclear holocaust, such a vast outage could not occur on the American Electric Power System.

But I can and do say that such an occurrence is inconceivable. Here are the reasons this is so:

1. The AEP System essentially is a different kind of utility operation. It has been developed, over the past five decades, on a different set of principles. It has been planned, engineered, designed, built and is operated differently than the power systems affected. As a consequence, it behaves differently in times of stress.

2. While the AEP System consists of six operating companies, providing electric service in the states of Ohio, Indiana, Michigan, Virginia, West Virginia, Kentucky and Tennessee, it operates as a single integrated power supply system. Our chain of power plants is widely dispersed, yet these generating stations are nonetheless tied together by a high-voltage transmission network second

to none and the total operation is fully integrated.

3. Furthermore, aside from this wholly integrated generation-transmission-distribution complex, AEP is "the most interconnected power system in the world." Today, our System is tremendously strengthened and reinforced by 46 high-voltage interconnections with 21 different electric utilities surrounding the area we serve. We, in turn, strengthen and reinforce their power supply as well. Nor do these include nine high-voltage ties currently under construction or projected. Properly designed regional interconnections produce strength, not weakness.

4. The AEP System is magnificently safeguarded by the most modern array of protective equipment yet designed—devices that are completely automatic and operate at speeds, and with capacities, far above normal standards.

5. In operation, each line segment of our transmission network is designed to have the capacity needed to deliver power from the generating plants to the load centers as well as to allow great flexibility in power flow over the entire System. Such flexibility is required in times of outages of generating capacity at the plants and in periods of additional "swings" of power across parts of the System resulting from emergency conditions on or outside the AEP System.

6. Finally, engineering and computer studies are under way at all times, testing and checking the performance of the System under simulated conditions of most adverse character. By this, we mean the simulated loss of entire plants or lines, alone or in combination, either on our System or on the systems of neighboring utilities.

All of these factors lead us to believe—and our studies reinforce this belief—that the System would meet any kind of severe emergency that we could contemplate

without affecting customer service in any way. The sole exception to this, of course, would be in the immediate area of the emergency itself, and even here the System's built-in safeguards would serve to minimize the scope and duration of any outage.

Through the years we have experienced many emergency conditions on the System. One such case was last April, when the worst tornados in U.S. history flattened wide areas of our System in Indiana and Ohio. A total of 27 high-voltage lines and several substations were knocked out of service, including all 13 transmission lines feeding the city of Fort Wayne. Nonetheless, these tornados failed to interrupt a single kilowatt of load on the AEP System except to customers connected to those power lines that were flattened.

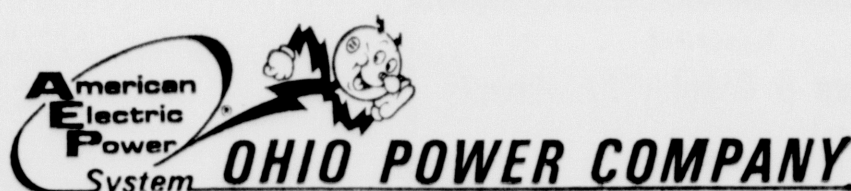

(One of the major paradoxes of the November 9 blackout was the cry that was immediately sounded for a public power grid of national scope as an ostensible remedy to prevent future outages of its kind—a cry that went up in face of the fact that a government-owned power system was the responsible cause for the blackout in the first place.)

AEP's is a proud record of performance. Nevertheless, we have already taken steps to recheck our entire System. We are doing this to determine if, in any way, we need further to strengthen or improve our protective system or our operating procedures.

It is our aim to render the best electric service in this country. We will not fail. This is our pledge.

Mr. and Mrs. Dale Blazer, of Rogers, a daughter, Nov. 30, at Salem City Hospital.

With The Patients

Mrs. Freda Leigh of 1172 Lisbon St. is a patient at City Hospital with bronchial pneumonia.

Earl Patient of 951 Monaca St. is a patient at City Hospital, where he was admitted Monday.

Admitted to Rochester General Hospital Thursday were John Henderson and George Kelly, both of Industry, Mrs. Michalene Speerhaf of Smiths Ferry.

4 Are Seized At Pittsburgh In Check Deal

PITTSBURGH — Four men, accused of being the leaders of a ring which has flooded the area with an estimated \$100,000 in worthless payroll checks, were arrested here Thursday.

Allegheny County detectives said the bogus checks had been drawn on 15 major corporations.

No Reports Received Here On Bad Checks

Chief of Police A. J. Radeschi of the East Liverpool Police Department said this morning that apparently none of the worthless checks had filtered into this area, with no reports of that nature having been received.

and had been cashed in western Pennsylvania and eastern Ohio.

District Atty. Robert W. Duggan said hundreds of blank checks were recovered, too. They were part of thousands stolen about 15 months ago from the Hebrick & Held Printing Co., of the Northside.

The four suspects, scheduled for a hearing today before Swissvale Squire T. F. Wilson, Duggan said, are:

Kennrick E. Julian, 32, of 529 Mitchell Ave., Clairton, charged with forgery, uttering a forged instrument and receiving stolen goods.

Joseph Salla, 28, of 331 Stadium St., West End, same charges as Julian.

Charles R. Downs, 24, of 21 Salisbury St., Southside, charged with receiving stolen goods, conspiracy to commit forgery, forgery and accessory before the fact of forgery.

John Ronald Ryan, 27, of 1362 Woodlawn Ave., Wilkensburg, charged with larceny, conspiracy to commit forgery, forgery and accessory before the fact of forgery.

County Detective Capt. Robert Butzler claimed Ryan, a former employee of Hebrick & Held, 1117 Wolfendale St., stole the blank checks from the printing firm in the later part of 1964.

and Mrs. Alma Coleman of Chester.

Discharged were Mrs. John Edmiston and son and Alex Newadonski, all of Industry, Mrs. Glenn White and son of Midland and Walter Rogers of Shippingport.

Mrs. Pat Bennett of Fisher Park is recuperating at City Hospital from major surgery performed Thursday.

Mrs. Alma Coleman of Chester.

Discharged were Mrs. John Edmiston and son and Alex Newadonski, all of Industry, Mrs. Glenn White and son of Midland and Walter Rogers of Shippingport.

Negroes

(Continued from Page 1)

that the boycott is a powerful civil rights weapon.

The boycott was established after a booby-trap bomb exploded in a Negro leader's car, leaving him severely injured.

Boycott workers harassed or upbraided any Negro shopper who showed up in the downtown area. The economic squeeze became the most effective ever mounted by civil rights forces in the South.

Individual merchants said their loss was roughly equal to the amount of Negro trade they had counted on before the boycott. In some cases, it was more than 50 per cent; in many cases about 35 per cent.

Business leaders complained that many white shoppers, fearful of becoming involved in racial trouble, also shied away from the downtown area.

This Mississippi River city, a Ku Klux Klan stronghold, has 12,000 white residents, 11,000 Negro.

Senators Post Sought

LOGAN, Ohio (AP) — State Rep. Harry Armstrong, R-Logan, announced today he will seek the Republican nomination for state senator in the new 17th District in the May primary.

Bricklayers, stonemasons and housewives often have worn-down fingerprints that prove difficult to identify. The cause of this is the materials they handle — bricks, stone, and detergents. Their prints are not entirely erased — just rubbed down.

Cuba

(Continued from Page 1)

Viet Nam than similar previous declarations.

Castro also said that Ernesto (Che) Guevara "is alive and well" but shed no new light on the disappearance of the former minister of industries who was one of the chief architects of Castro's revolution.

Split

(Continued from Page 1)

conflicts of Communist countries, whereas previously our PKI was affected by that.

"Their conflict is their own business. I will not participate in it."

Diplomatic observers were stunned at the change in Subandrio's approach to foreign poli-

cy. Until Oct. 1 both he and Sukarno were full of admiration for Communist China and the PKI.

Subandrio said he and Sukarno tried hard to avoid a crisis with China. He blamed Peking for the deterioration of relations.

Subandrio accused Peking of interfering in Indonesia's internal affairs by its broadcasts denouncing the army's crackdown on the PKI.

Sukarno had rejected non-alignment and committed Indonesia to Peking's hard line opposing the peaceful coexistence advocated by the non-aligned countries and the Soviet Union.

Political observers say now that Indonesia has parted with Peking, it is isolated in the world of international politics and will have to look for new friends.

Both in sizes S M L XL, BROOKVIEW, short sleeves \$8.95, BROOKSIDE, long sleeves, \$10.95.

New Device Aids Subsurface Hunt

OXFORD, England (AP) — The Research Laboratory for Archaeology and Art at Oxford University has announced a new electronic device that enables archaeologists to locate buried objects without having to dig for them.

The latest device, a gradiometer, is described by J. C. Aldred in the laboratory's bulletin, Archaeometry.

It uses two fluxgate detectors at each end of a vertical staff suspended from a horizontal pole carried on the shoulders of two operators.

The instrument has already located 10 Roman kilns in field trials at Mancetter, Warwickshire.

The now widely used proton magnetometer, Aldred wrote, has the disadvantage of being affected by magnetic storms, electric trains and passing cars.

Kennedy Movie Slated To Assist Arts Center

WASHINGTON (AP) — The U.S. Information Agency film of the life of the late President John F. Kennedy may earn

more than \$1 million for the John F. Kennedy Center for the Performing Arts when it is released commercially, a spokesman for the center said Thursday. Philip J. Mullin, administra-

tive officer of the center, made the estimate in announcing that nationwide commercial distribution would begin in about 90 days. The center paid USA \$122,000 for the film, entitled "Years of Lightning, Day of Drums."

Special congressional approval was required to release the film, narrated by actor Gregory Peck, for commercial use. Mullin said it would be distributed to movie theaters first and then to universities and television.

Cincinnati Hall Slated For Early Completion

CINCINNATI (AP) — It looks as though Cincinnati's new convention hall will be finished two months ahead of schedule—and

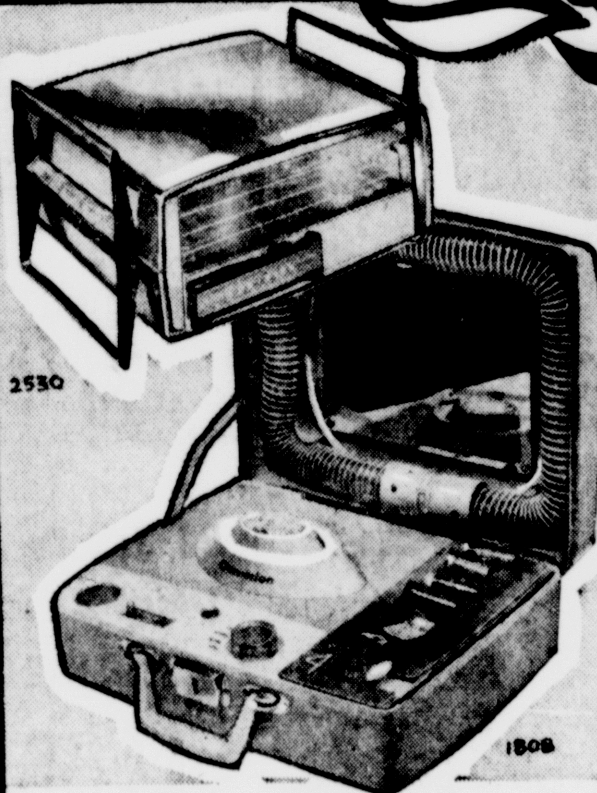

the underground garage will cost \$475,670 less than estimated. Both are part of the Urban Core Renewal Program. Public Works Director Arthur Bird said Thursday target date for completing the multimil-

lion dollar convention hall is June 1967. Harness racing began back in ancient times, about 1,000 B.C., in the Grecian Olympic Games, at least 200 years before the origin of horseback racing.

ST. CLAIR PLAZA — ROUTE 170 — CALCUTTA (Just East of Rts. 7 & 30) 4 Miles North of East Liverpool.

Deaths and Funerals

Charles Pezer

Charles Pezer, 46, of Lisbon R. D. 3, a laborer at the River-view Cemetery, died Thursday at 1:45 p.m. at Salem City Hos-pital after an illness of two years.

He was born in Scranton, Pa. Dec. 29, 1918, but had resided in this vicinity for 30 years. He last worked in August. He was a member of the Church of Je-sus Christ of Glenmoor.

He leaves his widow, Mrs. Elaine Pezer, two sons, Char-les Pezer Jr. and James Pezer, and three daughters, Nancy Lee Pezer, Susan Ann Pezer and Pamela Jean Pezer, all at home; a brother, Michael Pe-zer of Harrisburg, and three sisters, Mrs. Anna Steckovich of Harrisburg, Mrs. Mary Mel-rovich of Calcutta and Miss Helen Pezer of East Liverpool.

Services will be held Monday at 10:30 a.m. at the Martin Fu-neral Home by Elder Edward Campbell. Burial will be in Riv-erview Cemetery.

Friends may call at the fu-neral home Saturday night, Sunday afternoon and night.

The family requests that ma-terial tributes take the form of donations to a favorite charity.

Robert F. McKeever

Services for infant Robert F. McKeever, son of Mr. and Mrs. Joseph McKeever Jr. of Wheat-ley St., Empire, were held this morning at 11 at the Turel Fu-neral Home in Toronto. The Rt. Rev. Msgr. Andrew R. Beros, pastor of St. Joseph Catholic Church of Toronto, officiated. Burial was in Toronto Union Cemetery.

The infant died shortly after birth Thursday at 12:30 p. m. at the St. John's Hospital, Steu-benville.

In addition to his parents, he leaves two brothers, Richard Guy McKeever and Michael John McKeever, and two sis-ters, Catherine Ann McKeever and Mary Elizabeth McKeever, all at home; the paternal grand-parents, Mr. and Mrs. Joseph McKeever of Evans City, Pa., and the maternal grandparents, Mr. and Mrs. Russell E. Mc-Candless of Mars, Pa.

Infant Rydell

Services were to be held this afternoon at 2 at the Dawson Funeral Home for infant Doreen Danette Rydell, daughter of Marc Rydell and Jeanne Phil-lips Rydell of 607 Bridge St.

Dr. W. Blair Whittington, min-ister of the Second Church of Christ, was to officiate. The infant was stillborn Thursday about 4:40 p.m. at City Hospital.

In addition to her parents, she leaves the maternal grand-parents, Mr. and Mrs. Vernal Phillips of East Liverpool. Burial was in Columbiana County Memorial Park.

Space

(Continued from Page 1)

Gemini 6 launch," said Kraft, "we'll consider extending 7 a day. A lot will depend on the condition of Gemini 7 after that long in space. If its fuel supply, food and other consumables are good and the astronauts are in good shape, we'll consider an extension."

Mission Director William Schneider said the launch pad damage caused by the Gemini 7 blastoff will be a determining factor in how soon Gemini 6 can get off.

An evaluation team will be on the pad within 10 minutes after Gemini 7 leaves to make an as-sessment. If the damage is no more than the usual charred paint and burned wires, the Gemini 6 hardware will be on the pad ready for checkout within 28 hours.

Borman and Lovell were re-ported anxious to get started. Medics reported them in excel-lent condition, and Thursday they skipped a mission review session to take a three-mile run on Cape Kennedy.

The astronauts attend a final briefing today to assess the readiness of all elements — rocket, spacecraft, worldwide tracking network, weather and recovery forces.

The Gemini 7 prelaunch preparations have been the smoothest in the history of U.S. manned space flight.

"We've never had prelaunch activities go so smoothly on a manned flight before," a space agency official said. "There have been the usual minor tech-nical difficulties, but nothing worrisome."

Kent State Unit Sets Signup On Saturday

The Kent State University Center here will hold registra-tion for winter quarter classes Saturday at the IBOP building on W. 6th St. from 10 a.m. to 1 p.m.

The university book store also will be present at the same time to sell texts for the quarter.

The fall quarter will end of-ficially here Thursday night. Classes for the winter quarter will begin Jan. 4.

Schools Represented At 2 State Meetings

East Liverpool schools are represented at two statewide meetings under way in Colum-bus.

Supt. Paul H. Blair is at-tending the Ohio School Admin-istrators meeting.

Representing the East Liver-pool Teachers Association at the Ohio Education Association con-vention are Austen B. Moore, president, Michael Misconish and David Wern.

What is generally conceded to be the largest single dish served at a meal in the world is roast camel, prepared occasionally for Bedouin wedding feasts in Asia or Africa. Cooked eggs are stuffed in fish, the fish stuffed in cooked chickens, the chick-ens stuffed into a roast sheep carcass, and the sheep stuffed into a whole camel.

Peace

(Continued from Page 1)

Viet Nam since his Oct. 8 sur-gery.

Addressing by telephone top business leaders in Washington, Johnson said: "I have said it before. I say it again now. This nation is ready to talk, uncondi-tionally, anywhere, with peace as our agenda. Peace will come because it must come."

Rusk flew to St. Louis after his meeting with Johnson and, addressing a press club dinner, bespoke administration deter-mination by saying "some-body's going to be hurt" if the Hanoi government doesn't turn toward the path of peaceful set-tlement.

Stewart's Moscow suggestion was that the Soviet Union and Britain, as co-chairmen of the 1964 Geneva conference that worked out a soon-shattered settlement in Viet Nam, join in setting up a new conference with the hope of arranging a quick cease-fire.

The Britisher proposed this be followed by a rebuilding of both South and North Viet Nam un-der United Nations auspices while a permanent solution of differences between North and South were sought through nego-tiations.

Rusk was asked after his meeting with Johnson for his reaction to the Stewart propos-al.

"We have indicated for some time," he said, "that we would be prepared to attend a confer-ence on Southeast Asia, or any component parts of it."

Rusk noted that Hanoi and Peking, the Communist capitals most directly involved in the war, "have indicated they con-sider the Geneva Convention is the suitable machinery, rather than such agencies as the United Nations."

Rusk added, without elabo-rating, that "we will have more about this in a day or so."

Viet

(Continued from Page 1)

men fought a savage nine-day battle two weeks ago.

Windows shook in Saigon as the eight-engine Strategic Air Command bombers dropped their explosives.

U.S. Air Force and Navy planes made 14 armed recon-naissance missions against tar-gets in North Viet Nam, most of them in the mountains south of Hanoi, spokesmen said.

South Vietnamese planes joined U.S. Air Force and Navy fighters in strikes against Viet Cong sampans shipping on South Viet Nam's myriad rivers and canals and against other suspected Communist targets.

The 7th Fleet's destroyers shelled coastal targets in South Viet Nam. The Ernest C. Small fired 330 rounds along the north-ern coast and a land spotter re-ported good results, spokesmen said.

U.S. spokesmen said Ameri-can jet fighter-bombers met intense flak and automatic fire during their raids on North Viet Nam Thursday. Among the tar-gets of the Air Force F105 Thun-derchiefs, F4C Phantoms, Navy Skyhawks and F8 Crusader jets were barges, cargo vessels and military buildings south and southwest of Hanoi.

Except for the Skyraider, all the planes returned safely, the spokesmen said. The Navy an-nounced earlier that one plane from the Enterprise was shot down Thursday over South Viet Nam, and the two crewmen were rescued.

In Washington, the Defense Department announced that the toll of U.S. combat dead as of last Monday night was 1,356 since Jan. 1, 1961. The list of missing in action went up four, to 114, and the total wounded rose 178 to 6,225.

Camera Club Selects Winners In Contests

Paul Ward's style show photo-graph and Wilbert Smith's fall festival entry were judged con-test winners when the Tri-State Camera Club held its annual Christmas party Thursday night at the Ohio Valley Gas Co. building in Glenmoor.

The program included slides of a trip through Europe by Al-bert Pittenger and a visit to Italy by John Ciccarelli.

Pittenger, president, conducted the business session.

Woman Driver Killed

COLUMBUS, Ohio (AP) — A 34-year-old nearby Gahanna woman was killed today when she lost control of her car on wet pavement and struck a tree. She was identified as Patty Carter.

Motorist Fined

NEW CUMBERLAND—James Fife, 50, of Weirton was fined \$10 and costs Thursday by Squire John D. Herron of New Cumberland on a speeding charge. He was cited by West Virginia state police.

Akron Boy Dies In Plan To Fake Hanging Picture

AKRON, Ohio (AP) — A 19-year-old Akron youth who wanted to fake a picture of himself hanging by a rope so he could show the photograph to his girl friend as a joke died today when the stunt went wrong, sheriff's deputies said.

James M. Forester died in an Akron hospital eight hours after deputies got him down from a barn rafter where he was hang-ing and revived him temporar-ily.

Deputies said Forester and another youth were in the barn to make the picture. Forester stood on the hood of an auto-mobile, with a rope around his neck and over a rafter of the barn, deputies said.

Britain's Bakers End Threat Of Long Strike

LONDON (AP) — Britain's bakers called off strike plans to-day and removed the threat of a nationwide bread famine.

The bakers' union agreed to submit its wage claim to the government's Prices and In-comes Board for arbitration. Bakery employers at the same time agreed to peg prices for

another three months. The bakers disrupted bread supplies last week with a series of lightning strikes in major cities. They planned to follow up with a national strike start-ing Tuesday.

They are demanding a one-third increase in their present basic wage of \$32.20 a week. Overtime and bonus earnings bring take-home pay to an av-erage of \$56 a week.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: Whenever I clean and highly polish my furniture (especially when I use an oily-type polish), I always stuff my polishing cloth down inside an old nylon stocking. I find that when I use this

method, there isn't any lint from my polishing cloth on my beautiful furniture.

LOUISE B.

When someone wonderful was passing out brains, you sure got your share, didn't you?

It works beautifully! Not only did it leave no lint but I found that it kept my polishing cloth cleaner, too. When the stocking became soiled, I discarded it (no drain on the budget), and used another.

I found, too, that if I cut off the foot of the stocking and tie a knot in the cut end of the leg part, it makes a better sized cloth to work with.

HELOISE.

DEAR HELOISE: I put five or six marshmallows on top of cocoa—when heating and stirring—and they prevent scum from forming on the top.

I also put a marshmallow in the thermos before pouring in the hot chocolate mixture.

Saves sugar, too, since the marshmallows are sweet.

MRS. DON ROSENOW.

LETTER OF LAUGHTER

DEAR HELOISE: When a husband asks, "Where is your budget money going?" just keep track of all the little ex-

penditures for two weeks, and BEG him to look at your list! Most housewives will get the answer, "I don't want to see it."

And—you can bet your last old shoe, he won't, either! All he wants is supper, his slippers, etc.

LAUGHTER SAL.

DEAR HELOISE: Approximately how much more expensive is a spray starch than ready-prepared liquid, and the dry starch which we have to mix ourselves?

My husband says we can save on our budget by using the cooked kind, which I have to make myself.

HOUSEWIFE.

Your husband is right. According to Cornell Extension Bulletin, I quote:

"Spray starches are about seven times as expensive as liquid, and liquid ones are about seven times as expensive as dry and pre-cooked flakes. Their convenience follows the order of their cost."

HELOISE.

DEAR HELOISE: If the sleeves of a coat need relining, just cut out the sleeves of a discarded sweater, leaving on about three-fourths inches extra above the shoulder seam to allow for the seam when attaching to the coat.

Slip-stitch the cut-off sweater sleeves to inside armholes of your coat.

You will have a fine sleeve lining, with snug cuffs for extra warmth.

MRS. JOANNE PALMINSNO.

DEAR HELOISE: I have found a way to deodorize my whole house at one time, without leaving a heavy odor in one spot.

I put an opened wick-type deodorizer in front of the intake air vents in my furnace (I have the gas blower-type furnace).

When the furnace turns on, and the heated air starts circulating, so does the deodorizer, and it leaves a delightful, light fragrance all over the house.

Do NOT use the spray-type deodorizers, as they are flammable.

MRS. BRENDA BLAKE.

Transportation Limited

No Rapid Increase Seen For U.S. Forces In Viet

WASHINGTON (AP) — Although another large increase seems probable, U.S. officials have discounted the likelihood of any dramatic immediate reinforcement of U.S. troops in South Viet Nam to counter the mounting infiltration of North Vietnamese soldiers.

The key to the pace of the buildup, which some say may see an eventual doubling of the present 165,000 U.S. fighting men in South Viet Nam, is the progress made in developing the port, depot and other facilities to receive the additional troops and to support them once they are in the country.

Work on the pivotal Cam Ranh base on the Vietnamese coast is moving ahead on a two-shift-a-day footing, but even at that tempo engineer officials say it will be quite a while before this and other new ports are in high gear.

Priority construction also is being pushed on new airfields to handle heavier Air Force operations in prospect.

No responsible official at this point will stand behind any specific figure as the manpower goal for Viet Nam.

Secretary of Defense Robert S. McNamara, who returned Tuesday from a short visit to South Viet Nam, hasn't yet discussed his latest findings in depth with President Johnson.

The ultimate extent of the reinforcement will depend on the actions of the enemy. Experience — especially the experience of this past year — has shown that manpower sights have had to be lifted again and again.

Some speculation is that U.S. forces in South Viet Nam may increase from the present 165,000 to 250,000 or 300,000 men. Conceivably, the eventual total could zoom even higher.

Not counted in with the present 165,000 are some 50,000 to 60,000 Navy men aboard 7th Fleet vessels in Southeast Asian waters.

Enlistments are up sharply in all the services, and the Army is taking in about 40,000 draftees this month.

Draft calls are certain to remain about this high. They could go higher if the troop demands growing out of the Viet Nam war become acute.

Manpower plans are based on the need to beef up the regular forces worldwide by 340,000 men to a total just below three million, and by the need to replace casualties, the sick, and men whose enlistments and tours of active duty expire.

Blind Woman, 100, Honored For Assisting Sightless Vets

WASHINGTON (AP) — The frail, blind woman who opened the world of books again for the newly blinded veterans of World War I celebrates her 100th birthday today.

It's another milestone for Adelia M. Hoyt, the Iowa-born farm girl who became director of the Library of Congress' Braille transcription section. A special birthday present will be a check for \$100 from the Association of the Workers for the Blind of the District of Columbia.

During her career Miss Hoyt trained more than 2,000 persons to transcribe the reading language of the blind.

She began this work at the urgent plea of the American Red Cross when the blinded veterans of World War I started to return home.

They were taught to read Braille as part of their rehabilitation. But then it was discovered there were no books avail-

able to read once they had learned the system. Miss Hoyt took on the task of training volunteer transcribers, organizing lessons, selecting manuscripts and setting up transcription chapters all over the country.

She knew how it felt to lose sight. Hers began to fade at the age of 6, and when she was 13 she left her home near Cedar Falls to enroll in a school for blind.

But education for the sightless then was far from complete. "You had to do it on your own," she recalls.

When her family moved to Washington in 1913, she became an assistant in the reading room of the Library of Congress. When she retired in 1938, she was in charge of service for the blind.

For many years Miss Hoyt lived at the home for blind in Georgetown. She now lives at a nursing home near the library.

Angry Reservist Asks And Gets Combat Duty

PEEKSKILL, N.Y. (AP) — About a month ago, Norman L. Kishbaugh "got boiling mad" when he read about American demonstrators against the U.S. policy in Viet Nam and he decided to do something about it.

"I sat right down and wrote to my Marine Corps Reserve commander and requested active duty," he said.

Today, Kishbaugh leaves New York by plane for Camp Pendleton, Calif.

Kishbaugh, 40, a staff sergeant, is married and the father of two children. He owned a home heating service.

FBI Asked To Probe Damage To Airplanes

PORT CLINTON, Ohio (AP) — The FBI and the Federal aviation have been called in to investigate \$10,000 damage to airplanes owned by the Port Clinton Manufacturing Co.

Clarence Dracka, company president, said Thursday the tail sections of the planes in a hangar at Port Clinton Airport were bent in a way intended to make the damage go unnoticed.

Burglars Get Jewelry From Hamilton Store

HAMILTON, Ohio (AP) — Burglars smashed two plate glass windows at a downtown jewelry store here Thursday and took an undetermined number of watches, rings and other jewelry from a window display.

Benton Manning, owner of the store, said an inventory would be necessary before the jewelry loss could be determined.

The first President of the United States to ride on a train was Andrew Jackson.

U.S. Toll In Viet Hits 1,356, Pentagon Says

WASHINGTON (AP) — The Pentagon reports that in the week ended last Monday night 37 U.S. servicemen were killed in action in Viet Nam, raising the total number of Americans killed in action since Jan. 1, 1961, to 1,356.

The number of wounded in that week increased by 178 to 6,225 and four more men were listed as missing in action, bringing the total since 1961 to 114.

Are You In The Dark About Prescription Prices?

Let us throw light on the subject. At this Pharmacy, prescription prices are based only on the cost of the ingredients plus a nominal fee for professional service.

You have a right to know how much your medicine will cost and we make it known to you at the time you present your prescription. We believe you will find it advantageous to have prescriptions filled here.

Keep In Trim

By IDA JEAN KAIN

Shape Up And Feel Alive

Regard exercise as a life-giving measure and calisthenics and walking for conditioning won't seem so tough. Some of you begrudge the columns dealing with exercise. "Give us more of the morale-boosting, inspirational kind," you write.

Fair enough but dieters, Ida Jean Kain don't overlook the toning value of exercise. The healthy, happy way to reduce is to burn more calories. It is the only way by which you can be slim and shapely instead of fat and flabby. Plus that, exercise can do much for your mentally.

A READER who is staying young and slim is enthusiastic about her beauty routine.

"Every morning and every evening I stand in a doorway, hold on to the doorjamb and swing with each leg forward and back, 20 times. I got this idea from ballet dancers. No ballet dancer is fat and they all have beautiful legs. Also, I lie on my back and do the well-known bicycle exercise to keep my circulation up and doing and my hips svelter. I feel wonderful!" Great! Take it on the upswing. As you hold on to the door jamb with right hand, swing left leg freely forward, knee straight, then swing rearward,

forward again, and smoothly back. On alternate swings rearward, hold the muscle contraction to a slow count of six. Holding helps to increase muscle tone. Hit a rhythm and this swinger can be fun and freeing. Start with six swings with left leg, then with right leg. Gradually increase the number of swings to 10. If you hold on alternate swings to rear, that should do nicely.

THE HIGH bicycle is rousing exercise. The difficult part is to get into position. Here we go—sit down on floor, legs straight out. Have palms of hands on floor. Now, as you roll back on your legs, come on up with your legs and hips, up—a daisy. There you are, resting on your shoulders. Brace yourself by having palms of hands on hip haunches, and elbows firmly on floor. Pedal merrily.

The side-bicycle is easier, and effective.

Position: Lying on right side, left leg on top of right. Have palm of hand braced on floor for support.

Movement: Working knees like pistons, flex alternate knees briskly up toward chest. Pedal for six counts, change sides and repeat.

Send stamped, self-addressed long envelope for Slim Hips in a Hurry. Address your request to Ida Jean Kain in care of The Review.

Ohio Farms Awarded 2 Dairy Show Prizes

CHICAGO (AP)—Ohio entries from Eaton and Union City won honors at the International Dairy Show Thursday.

Welcome In Foremost, entered by Albert E. Withrow & Sons, Lakeview Farms, Eaton, was named reserve grand champion brown Swiss dairy bull. Mississinewa Farms M. Lisa, shown by Herman Stockdale & Family, Union City, was reserve champion Guernsey female.

Ohio 5-Day Forecast

Temperatures will average 4-7 degrees above normal during the five-day period commencing Saturday morning. Representative normal highs and lows are Cleveland 39-25, Columbus 41-25, Cincinnati 44-30. Warm with only minor day to day temperature change Saturday through Monday, turning colder Tuesday, continued cold Wednesday and Wednesday night. Precipitation will average .3 to .4 inch melted as showers northeastern sections Saturday and general throughout state late Sunday and Monday changing to snow flurries Tuesday and Wednesday.

Rhodes Faces Tough Race, Young Predicts

COLUMBUS, Ohio (AP)—Democrats will make Ohio's 1966 gubernatorial contest a "horse race," predicts Sen. Stephen M. Young, D-Ohio.

Besides observing that in his opinion Gov. James A. Rhodes, presuming he seeks re-election, won't be unbeatable, the senator commented on Viet Nam during a news conference Thursday.

"The war in Viet Nam is a civil war and the U. S. really has no business there," Young said. Young said he feels that South Viet Nam "has absolutely no strategic importance." He called the idea that if that nation falls to communism all Asia would follow a fallacy introduced by a President Eisenhower in 1954.

Work Bias Protested By Cincinnati 'Sit-Ins'

CINCINNATI (AP)—Sit-ins to protest alleged racial discrimination in the building trades union resumed this week as eight persons were arrested in a union office.

Police said the demonstrators were members of the National Association for the Advancement of Colored People. They were charged with trespassing in warrants filed Thursday by Daniel W. Johnson, business manager of Local 202 of the International Brotherhood of Electrical Workers. More than 70 persons were arrested last summer in a series of demonstrations.

Intruders Hit Coin Devices

Police today are continuing investigation of cases in which coin devices were looted at two East End business places.

Intruders obtained about \$2.80 in change from a coin-operated soft drink vending machine in the Econ-O-Wash Laundry on State St., owned by Mrs. Mary Clement of 2523 Clement Way, police said.

Mrs. Clement said the intruders also tried unsuccessfully to force open coin boxes on a washer and a dryer. She reported the theft Wednesday morning.

Meanwhile, Ralph Volino of 363 Ogden St. told officers that three coin boxes were ripped off the wall at the Magic Bay Car Wash on State St., which he operates.

Volino said the boxes contained little money, as they had been emptied on Wednesday. The principal loss in the theft was represented in the value of the coin containers, which have built-in timing devices, he explained. The car wash theft also was reported Wednesday.

Three instances of vandalism also are being probed by police.

William Shoub, manager of the W. C. Bunting Co. at 1425 Globe St., told officers that stones were hurled through four 12-x-18-inch windows on the west side of the plant sometime Wednesday night or Thursday morning.

John R. Horsley of Sunset Dr. and Henry Ave., owner of the Horsley Studio at 621 Broadway, reported a vandal fired three BB pellets through a 29-x-36-inch window on the Potters Alley side of his studio building Wednesday night or early yesterday.

Patrolman Paul A. Burson Jr. reported a total of eight BB holes were fired through three windows on the Broadway side of the City Market Building, also Wednesday night or Thursday. He said the building is owned by the Midler Estate.

Police Probe Motive In Pittsburgh Slaying

PITTSBURGH, Pa. — Police continued today to seek a motive for a shooting fray by an eccentric ex-serviceman which ended in the death of an insurance agent Thursday.

William Gruver of Forbes Ave. was being held for the slaying of John Obritz, 23, of Tustin St., killed after Gruver opened fire on the Obritz home with a deer rifle.

Obritz sent his wife and baby out of the home, then went to a neighbor's house. Gruver came to the house, chased Obritz into the alley and shot him.

Police said Gruver, a Marine veteran of Guadalcanal, had a record of assault and auto theft, and neighbors recently complained of his shooting at pigeons.

Contract Vote Planned By Chemical Workers

SOUTH POINT, Ohio (AP)—Union members will vote Saturday on a proposed contract which would end the 65-day strike by 700 workers at the Allied Chemical Nitrogen Division plant here.

Tentative agreement by the company and local 3686 of the United Steelworkers Union was announced Thursday.

Marine In Viet Mailed Seeds, Picture Of Snow

PORT HURON, Mich. (AP)—Green onions and radishes and carrots, and, maybe, a picture of the first snow back home—these are some of the things that help make life endurable in Viet Nam.

Some three weeks ago, Mickie Gill of Port Huron received a letter from her husband, Marine S. Sgt. John H. Gill Jr. It was written in a humid, hot tent at Plei Me.

Gill had just gone through hand-to-hand combat with the Viet Cong.

"Send me some seeds so that I can plant them," Gill wrote. "We want fresh vegetables to make a salad. Green onions, carrots, head lettuce, radishes, anything that will grow."

Mrs. Gill tried to buy seeds at local stores, but in winter it's hard to buy seeds of any kind.

A reporter of the Port Huron Times Herald heard of her plight, wrote about it and the Port Huron Junior Chamber of Commerce picked up the ball.

Mrs. Gill said the response from people who wanted to help was overwhelming.

"They came to the door, all kinds of people, friends and relatives, and people I didn't know," she said.

The Jaycees sent seeds by the pounds to Sgt. Gill and his men.

"I've sent four boxes of just about everything that anybody would give us, from onion to sweet corn and even Portuguese watermelon," she added.

Mrs. Gill said her husband—"he has a green thumb"—has planted several things, but she didn't know exactly what.

There were other things Gill wrote home about.

"My darling, I want a picture of the first snow, just so I'll know that somewhere in the world there's a place without steam, mud, slush and stink."

"It's only 9:45 a.m., and the temperature is already 104 degrees. The humidity is 97 per cent. I've lost 22 pounds. We sweat 24 hours a day."

"This jungle, there's no end to it. There's so much I want to talk about. Things have to get better, darling. They can't get worse."

Mrs. Gill believes things will get very much better when her husband comes back because he

will bring with him an adopted Vietnamese boy.

Mrs. Gill doesn't know very much about the child except that he was three days old when her husband found him in a Vietnamese orphanage. The Gills have no children of their own.

Heater Ignited Gas Blast Which Claimed 14 Lives

KEOKUK, Iowa (AP)—Iowa Fire Marshal Wilbur Johnson says that a water heater apparently ignited a mass accumulation of gas that exploded in the National Guard armory here Nov. 24, causing 14 deaths.

In a statement Thursday, Johnson did not say where the gas came from but said investigators believed the blast was "triggered by a hot-water heating unit in the northeast corner of the rifle range."

Of the more than 60 persons attending a Thanksgiving eve square dance, 21 still are in hospitals with critical or serious burns.

The fatality toll rose to 14 Thursday with the death of Ray Beckett, 51, of Argyle. Beckett's wife died earlier of burns suffered in the blast.

Civil Air Patrol Fete Honors Cadet Irwin

A party was held Wednesday night at Wellsville High School by Civil Air Patrol Composite Squadron 306 in honor of Cadet William Irwin, who has received an award as "the most deserving cadet of Group III."

The group is comprised of six squadrons in Youngstown, Warren, Alliance, Salem, Mineral Ridge and Wellsville.

The citation is presented on behalf of Lt. Col. Bevin and is given the cadet who, during training, "shows cooperation and willingness on his part in helping other cadets and works for the good of CAP."

Wellsville's squadron is open to boys and girls 13 or over. The squadron also needs senior members, according to Michael Mato, who is in charge.

Monongahela Joined By 2 Power Concerns

CHARLESTON (AP)—The Public Service Commission has approved the merger of Monongahela Power Co. with two of its small wholly-owned subsidiaries—Marietta Electric Co. of Ohio, and West Maryland Power Co.

Monongahela, a unit of the Allegheny Power System serves northern West Virginia.

Monongahela said the merger

would simplify its operations and improve efficiency.

Parma Woman Killed When Struck By Auto

CLEVELAND (AP)—A 62-year-old woman died in Parma Community General Hospital early today of injuries suffered when hit by a car near her home in Parma Heights.

The victim, Mrs. Erno J. Langa, was struck Thursday night. The driver of the car was not held.

VARICOSE VEINS IN PREGNANCY

Q. I have had three children and during each pregnancy the veins in my legs gave me a great deal of trouble. I'm expecting again. Would treatment help now?

A. You should discuss your problem with your doctor. He may advise as much rest as possible and the use of elastic stockings or bandages. Generally, for most women, complete treatment of such veins is deferred for three to six months after confinement; for some it is deferred until child-bearing has been completed.

TREATMENT OF FROSTBITE

Q. What is the best treatment for frostbite?

A. Recent studies show that rapid warming is the best method. The frostbitten part is immersed in water at a temperature of about 107° to 109° F. until the temperature of the part returns to normal. This usually requires about 20 minutes. The temperature of the water is very important—a degree or two outside this narrow range may be ineffective or harmful. Thawing in cold water or rubbing with snow is not recommended.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a boy 16 years of age and I never thought I'd wind up on your couch, but here I am.

Kids have written to you about acne before and lots of them have it bad but mine is the worst case anybody ever saw. I'm such a horrible mess that some days I walk around the block four times before I can get up the nerve to go to school.

Ever since a dentist pulled the wrong tooth in mom's head, she has had very little faith in dentists or doctors. She says if I just leave the acne alone it will clear up by itself because acne is something that must be outgrown. According to her, too many people overdoctor themselves and wind up in worse shape than before.

I consider you a friend to teenagers. If you say Mom is right I will shut up. But I do hope you'll take my side and be my buddy for life. — HIDEOUS SIGHT.

Dear Friend: A skin specialist can help you and I hope you will go to one immediately. A change of diet, proper medication and a m.p. treatments can make a world of difference. Get going, Buddy. (And if you have trouble with your mother show her my answer.)

Candidate For Slob

Dear Ann: I hear so much talk about how cold and unfeeling people are these days. I'm now of the opinion that folks who complain about shabby treatment darn well deserve it. I can't count the times I have held the door for women at the supermarket only to have them walk right past me as if I were paid by the store to give this service. Yesterday when it happened for the umpteenth time I felt like letting the door go right in the woman's kisser.

I try to be considerate and courteous. When I drive I often let other drivers in ahead of me.

One driver out of 25 will wave a sign of appreciation. Most of the hogs keep right on going as if you owed them the favor. From now on I plan to live by the rule. "Nice guys finish last." — FORMER DO-GOODER.

Dear Former: Forgive the cliché, but it does indeed take all kinds of people to make a world and I'm sorry you are running into so many of the wrong kind.

Instead of acting according to your best instincts you are reacting to the worst behavior of slob. Darned if I'd let these low types make me one of them.

Point Of No Return

Dear Ann: I'm getting a divorce from a miserable heel and I'd like my maiden name back. I don't want anything around to remind me of the man who brought me so much agony.

My friends tell me it would not be right to do this because of my children. They say it would be embarrassing and confusing if Johnny and Susie Brown's mother were Miss Mary Green.

I need your advice.—NAME PROBLEMS.

Dear Name: Even if you don't want anything around to remind you of the heel, you're going to have two constant reminders — Johnny and Susie.

Children deserve to have a mother with a Mrs. in front of her name. Unload your anger some other way and keep your husband's name for the sake of the children.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Harry Kannal, d.b.a. Kannal and Son Coal Co., vs. James R. Ferrese; court finds plaintiff entitled to repossess said property and divests defendant of any claim therein under provisions of contract; court finds defendant indebted to plaintiff in the amount of \$2,841.37.

NEW CASES
Vernon A. Metts, 231 Ohio Ave., Salem, vs. William A. Kolozsi Sr., M.D., 616 E. 7th St., Salem, and John R. Wilms, a minor, Leetonia R.D. 1, and Lawrence Wilms, Leetonia R.D. 1; action for \$10,000 for injuries allegedly received Sept. 6, 1964, in a traffic accident on County Road 400 involving vehicles driven by plaintiff, defendant Kolozsi and defendant John Wilms.

Death Claims Former State Police Official

MUNCY, Pa. — Former Pennsylvania State Police Commissioner Lynn G. Adams died today in Muncy Valley Hospital. He was 85.

Adams, who had a lengthy career with the State police, was admitted to the hospital Nov. 28.

Adams, who served in the Spanish-American War, the Philippine Insurrection and World War I, resided at Muncy Valley, R.D. 1, Sullivan County. He was appointed superintendent of the State police on March 1, 1920 and resigned Oct. 21, 1937. On May 31, 1939 he was appointed commissioner of the Pennsylvania motor police, as the State police was then designated. He served until January, 1943.

Ex-Ohio Prof Killed

SYCAMORE, Ill. (AP)—A former Denison University (Ohio) faculty member was killed near here Thursday night when his car collided with a train. He was Dr. James R. Elliott Jr., 41, who came to Northern Illinois University from Denison in 1959 and headed NIU's economics department.

Marion Sailor Killed

SEATTLE, Wash. (AP)—An Ohio sailor on leave from the aircraft carrier Coral Sea was killed in a traffic crash here Thursday. He was James Douglas Alley, 23, of Morral, Marion County, Ohio.

Temperature And Rainfall Top Average

The average temperature and rainfall for November were up over the 74-year average, according to records provided by Edwin Copeland of Millport, U. S. weather observer.

The temperature last month averaged 41.5 degrees, compared with the over-all average of 39.6 for the month.

Rainfall totaled 2.80 inches. The 74-year average for the month is 2.41 inches.

A high of 70 degrees was recorded Nov. 3, with the low of 19 registered Nov. 15.

There were 11 clear days, 14 cloudy days and 5 partly cloudy days, the report disclosed.

The average sunshine was 40 per cent, with 30 per cent the normal average.

Because of the wet weather, there still is a lot of corn to be harvested, Copeland commented.

Radio Club Will Hold Meeting And Election

The Penova Citizens Band Radio Club will meet Sunday at 7 p.m. at the clubhouse on Route 45, north of Wellsville.

Election of officers will be held from 10 a.m. until 7 p.m. the same day.

Floyd Saltsman will preside at the meeting.

Check Artist Guilty

WASHINGTON, C O U R T HOUSE, Ohio (AP)—Cincinnati, Columbus and Xenia had warrants out for Albert Elbie Smith, 43, but Fayette County got to him first and the bad check artist has been sentenced to 1-3 years. The others will have to wait till he serves his time if they also want to prosecute.

Not A Contraceptive

Drug May Help Catholics Control Size Of Families

COLUMBUS, Ohio (AP)—A drug designed to help women have babies may let Roman Catholics control the size of their families without breaking church rules against birth control devices.

The drug is already being used by some Catholic families in the Columbus area. And a convention of Catholic doctors and clergymen in Kansas City, Mo., will hear today a report on its effectiveness in conjunction with the "rhythm system" long sanctioned by the church. The convention draws Catholic physicians from all over the world.

The drug seems acceptable because, unlike some other "birth control" medicines, it is not a contraceptive—that is it does not interfere with normal reproductive processes of women.

It does regulate a woman's fertile period.

This, an Ohio State University researcher says, enables women to avoid pregnancy—or encourage it—with equal success.

"It's all a question of timing," said Dr. John G. Boutselis, 42-year-old Catholic doctor and father of two children, who first reported on his work with the drug at an obstetrical and gynecological meeting in Boston Oct. 27.

The drug is clomiphene citrate, a synthetic hormone which stimulates the production of eggs—ovulation—in women. It was patented by a manufacturer (William S. Merrell Co.) about six years ago and was approved by the federal Food and Drug Administration for testing.

Dr. Boutselis heads a research

team assigned four years ago to investigate the drug's effectiveness in inducing fertility in women who had been unable to conceive children.

He has worked with the Columbus Diocesan Family Planning Center and private physicians in testing the drug. Tests with 96 women who each had several children and wished to space future ones showed that all but one achieved more regular ovulation. There have been no serious side effects, he reports.

Tax Collections Rise

COLUMBUS, Ohio (AP)—A 10.4 per cent increase in major tax collections is reported by State Treasurer John D. Herbert, comparing the first five months of this fiscal year with the same period last year.

Ohio took in nearly \$416 million July 1-Nov. 30, 1965.

Order now for Christmas MOTHER'S RING

with a birthstone for each of her children or grandchildren. The twin bands, signifying husband and wife, are 14-karat white or yellow gold. Shaw's custom-makes each ring... it will be hers alone, symbol of all her happiness!

with one birthstone \$25

Each additional birthstone \$5

Why a fine diamond ring is the best gift of all...

There's no mistaking its message! Loud and clear it says "I love you".

A fine diamond has been the ultimate gift of love since ancient days when it was believed a diamond's brilliant play of color was an inner fire which, like love, burned without being consumed.

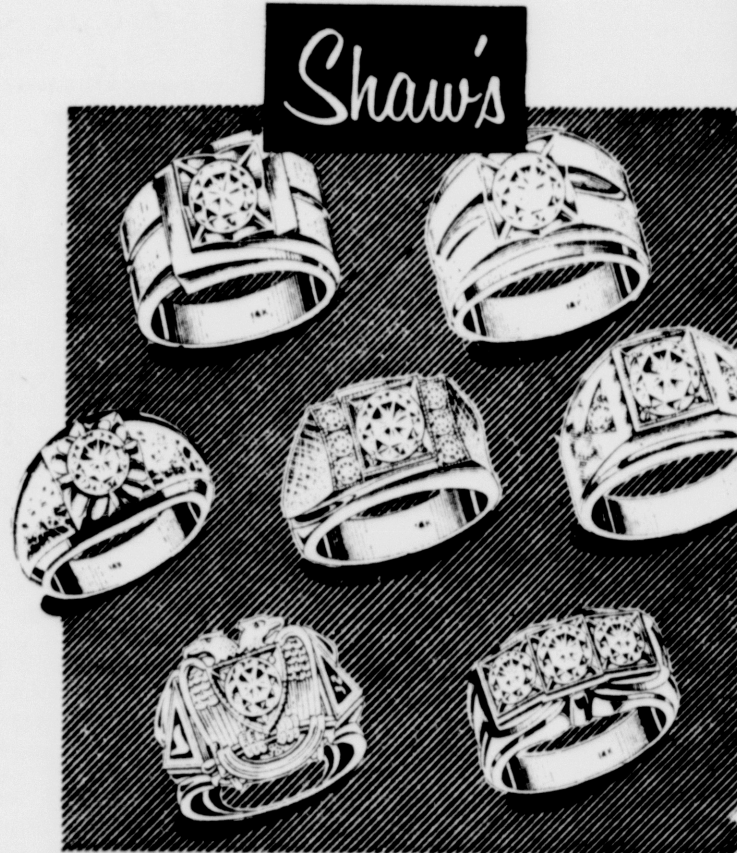

The enduring beauty of a fine diamond makes it the perfect, tangible representation of a lifetime love.

Why you should select it at Shaw's...

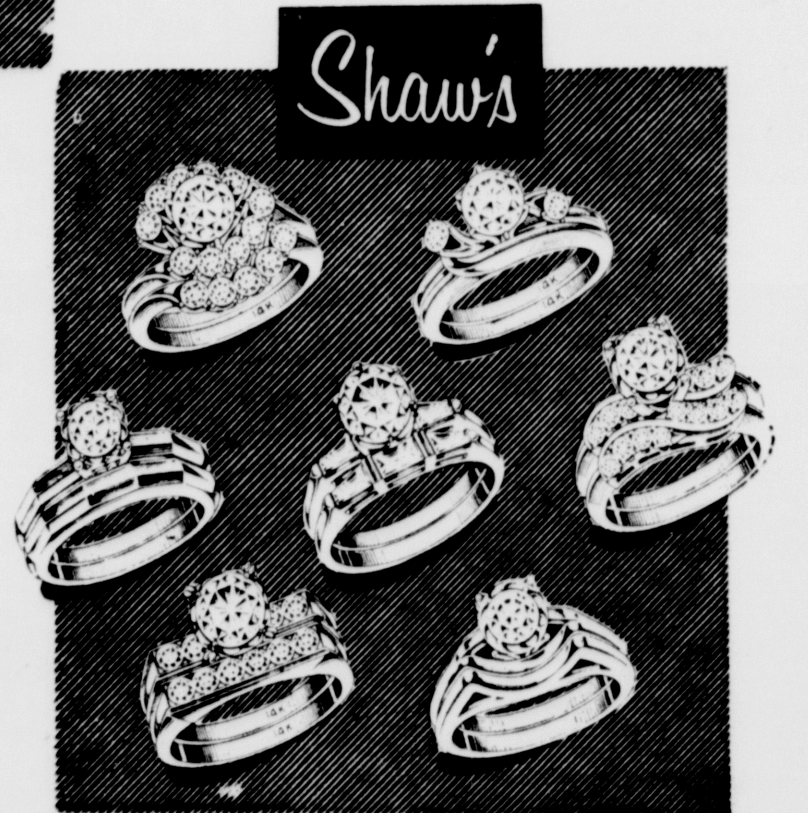

Shaw's "Heirloom Quality" diamonds sparkle more than most, the result of MASTERFUL CUTTING. No matter how clear and perfect in color a rough diamond may be, unless it is cut in perfect proportion, its full brilliance and beauty can never be released.

Therefore Shaw's insists that every Shaw's diamond be cut and polished by a master craftsman... that's why so many customers say "Shaw's diamonds sparkle more"... this superior cutting brings out MAXIMUM brilliance!

Why you should put it in Layaway now for Christmas...

Holiday collections have arrived! Now you can see COMPLETE assortments and make your selection leisurely. A small deposit will keep your choice SAFE and SECRET in Shaw's Layaway vault and by Christmas you can enjoy having it paid for—OR transfer the balance to an extended Charge Account with up to a year for payments.

By HAL HUMPHREY

Nina Trades Beads For Acting Career

Whenever Nina Wayne answers her telephone and it turns out to be a long-distance call, the operator usually says, "Is your mother home?" And Nina usually replies, "My mother is in Chicago. I live here alone."

You have to be up close to Nina if you want to hear her, and that isn't a bad place to be if you care for tall, dreamy-eyed brunettes. If Nina's voice were any softer, you'd need a radar fix to find her.

ON THE SET of "Camp Runamuck," where Nina plays a camp counselor named Caprice Yeudleman, she even has the director whispering, "Quiet!"

The sound man whispered to her the other day, "Can you make it a little louder, please, Nina?"

I asked him why he was whispering, and it broke me up to see the expression on his face.

I just happen to have a small voice. All of my family does, but I don't know why me, because I'm a big girl," says this 5-foot-9 ex-Las Vegas show girl.

NINA LEFT Las Vegas a year ago when the producer at the Desert Inn fired her because her waistline looked "too French" for his show line which was called "The Most American Girls in the World."

Tired of wearing nothing but beads and 40-pound costume hats, Nina went to New York to enroll with a model agency but had to don her beads again and join the line at the Latin Quarter to earn the tuition.

One of Johnny Carson's talent scouts saw her there and signed Nina for one show. Meanwhile, back in Hollywood, David Swift was putting together the cast for the pilot film of "Camp Runamuck."

"DAVID and his wife were getting ready for bed and he saw me and decided right then he wanted me for his show. The contracts were signed before I even got to see him in person," says Nina in that breathless whisper which makes everything happening to her sound as suspenseful as a Hitchcock thriller.

Switching from beads to a camp counselor's blue cotton uniform and wool-ribbed stockings easily could load up Freudian complications in a girl's ego, but it seems to have had no effect on Nina's.

"People look at you more with clothes on, I've found. When I was on stage with all the other nudes in Las Vegas, nobody paid any attention to me. I don't know if they saw me," Nina sighs.

NOBODY is likely to see her in a "Camp Runamuck" uniform more than 26 weeks. The only things lower on the rating lists than this silly comedy are Leonard Bernstein and an NBC White Paper. All that could save "Runamuck" now would be put-

ting Nina back in beads. "Oh, I won't have to do that," she whispers. "I go to acting class at Columbia Pictures now, and I'm learning a lot. I may get a chance to be in a movie."

Nina is 22, but thinks it's time she said 20. She was 17 when she and sister Carol, who is a year older, joined the Ice Capades in Chicago as "The Wayne Sisters." Nina went to Las Vegas while Carol was recovering from a broken ankle two years later. Carol is married and out of show business now.

"I HAVE a business manager and an agent, but I want a voice coach and Columbia won't give me one," complains Nina, softly. "Maybe I don't need one, though, because I was home in Chicago not so long ago and Mama said to me right away, 'Why are you shouting?'"

One reason Nina would hate to leave Hollywood, she says, is the terrain.

"There are such high mountains and rocks," she explains.

She has a rock collection in her apartment, which may be for protection. After all, Nina can't scream.

Millett Asks Funds To Aid Central State

COLUMBUS, Ohio (AP) — Board of Regents Chancellor John T. Millett says Central State University can solve some of its financial problems now that it has computer operators.

Millett appeared before the State Controlling Board Thursday and asked for \$50,000 for Central State, to cover implementation of data processing equipment on campus.

The board put off the request pending a first-hand report from the school on use of the money.

Central State had been renting data processing equipment for \$793 monthly but it was sitting idle because there were no auditors.

State Auditor Roger Cloud recently criticized the school's handling of finances. An audit determined, in part that the school had not collected thousands of dollars in tuition and other fees.

In other action, the board released \$1,671,000 for the Belmont County branch campus of Ohio University at St. Clairsville.

Among other sums released: Central State, \$178,085; Wright State Campus, \$151,260; Ohio University, \$313,505; Cleveland State, \$389,200; Miami University, \$113,000.

Funds were also released for several historical sites including \$19,200 to buy the "Sewing House" in the development of Zoar Village, Tuscarawas County, and \$53,000 for plans for an addition to the library and museum at the Rutherford B. Hayes home in Fremont.

Wife Assaulted, Slain By Man In Cincinnati Home

CINCINNATI (AP) — Mrs. Emogene D. Harrington's weekly grocery shopping trip ended with her death Thursday as the 54-year-old wife of an internationally known space scientist was strangled and raped in the basement of her apartment house.

Leads in the slaying were few, police said today—a 27½ inch length of orange plastic cord with a loop on each end, the report of a similar attack in October and Mrs. Harrington's empty wallet, found on the street in the Findlay Market area, more than two miles from her home in the Walnut Hills section.

Dr. R. Paul Harrington, 60, head of the University of Cincinnati's department of aerospace science, was teaching a seminar on the campus when told of his wife's death. The Harringtons have three grown daughters.

Detectives said Mrs. Harrington apparently left home shortly before noon, drove to a supermarket, bought three sacks of groceries and returned home. Parts of Walnut Hills, once an area of large homes and tree-lined streets, have deteriorated in recent years. The attack in October happened several blocks away.

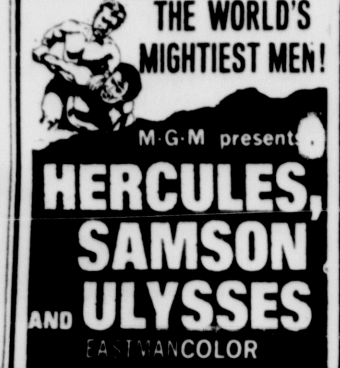

A 65-year-old woman was beaten, raped and choked with a plastic cord. She survived and police said she described her assailant as a Negro, between 35 and 45 years old.

Welfare Gift Left

BUFFALO, N. Y. (AP) — Esther Laier, who died Oct. 8, is the first known person to leave money to the Erie County Welfare Department. Miss Laier, who had never received welfare aid, left her \$25,000 estate for welfare recipients.

Death Takes Air Scientist

WASHINGTON (AP) — Dr. Hugh L. Dryden took his first airplane trip in a Curtiss Eagle, maximum speed 107 miles an hour.

"I hope," he wrote recently, "that I may have the good fortune to witness the first landing of men on the moon within a few years."

The wish will go unfulfilled. Dryden, deputy administrator of the National Aeronautics and Space Administration, died Thursday night of cancer. He was 67.

Dryden's boss, NASA Administrator James E. Webb, said, "Scientific, engineering and administrative competence and his qualities of humanity and leadership mark him as one of the truly great men" in the conquest of air and space.

Dryden was NASA's first deputy administrator, taking the post when the civilian agency was formed in 1958. He previously had been director of the National Advisory Committee for Aeronautics and associate director of the Bureau of Standards which he joined in 1918.

He also was an ordained Methodist minister, and preached in Washington's Cavalry Methodist Church.

Store Operator Lucky As Bandit's Gun Fails

COLUMBUS, Ohio (AP) — Herbert Raynes, operator of a drug store, figures he was lucky in losing a few dollars to two armed robbers Thursday night.

Raynes said he gave them some money after one of the robbers held a .25 caliber revolver at his head and pulled the trigger. The gun, if it was loaded, failed to discharge.

\$250 Fine Levied For Interfering In Watts Rioting

LOS ANGELES (AP) — Mrs. Rena Frye, convicted of interfering with police at the outset of the South Los Angeles riots last August, has been fined \$250 and placed on probation for two years.

A 30-day jail term was suspended when sentence was passed Thursday.

Her counsel said an appeal will be filed, on the contention that jurors were prejudiced by prosecution assertions that Mrs. Frye's actions precipitated the riots.

Mrs. Frye, 49, was arrested last Aug. 11 for interfering with officers as they arrested her sons, Marquette, 21, and Ronald, 22, as drunk-driving suspects. Bystanders began throwing rocks, and rioting broke out, lasting six days.

Fire Strikes 2nd Time For Family Which Lost Five

PORTSMOUTH, Ohio (AP) — A second fire has hit the family of Mrs. Barbara Johnson, 22, who died along with her four children in a residence fire here Wednesday.

The residence of Mrs. Ocie Sowards, mother of Mrs. Johnson, was destroyed by fire Thursday night while Mrs. Sowards and her four children were at a funeral home with the bodies of her daughter and grandchildren.

Firemen blamed a faulty furnace for the fire at the Sowards home.

The Sports Bench

By BOB DUFFY
Review Sports Editor

Congratulations In Order . . .

Congratulations are in order for Clarence Crable and Len Walker upon their selection to the All-Ohio team.

Crable became the first Potter in eight years to be named to the first unit, a sparkling achievement for a high school football player.

While the names of many players appear on the all-state teams, there are a large number who have been overlooked.

One district player who should have gained more recognition than he did is Wellsville's Chris Thornton. Chris was named to the honorable mention list after a season which found him scoring 126 points and gaining almost 1,500 yards. His statistics would stack up well against most backs in the state.

Two years ago, the Associated Press decided to change the procedure of voting for all-state teams.

The state was divided into five districts, with East Liverpool and Wellsville members of the Eastern District. An all-district team is selected, which means there would be five district teams throughout the state.

From the all-district squads, players are chosen for the all-state team. Thornton has been named to the All-District team two years in a row, but never gained any higher than honorable mention on a state level.

Another look at the all-state team shows that not one member of Massillon's championship squad was named to any of the first three offensive units. The Tigers, voted No. 1 in the state, placed only two players on the first defensive team.

Race Ruled 'No Contest' . . .

WHILE watching a race at a distance of a mile or over at Waterford Park we always have wondered what would happen if the starting gate were not pulled from the track by the time the horses came pounding down the stretch.

A mechanical failure of the tractor or unusual muddy conditions could cause this.

It hasn't happened at Waterford Park, but that very incident occurred Saturday afternoon at Lincoln Downs in Rhode Island.

The running of the \$10,000 Old Colony Handicap was declared "no contest" because the starting gate was unable to be removed from the sloppy racing strip.

Six of the 10 starters finished the race, but moved far to the outside of the track to get around the gate. Four other starters were eased up by their riders approaching the stretch.

At Lincoln Downs, three horses are used to remove the gate but do to the extreme sloppy conditions they could not do so.

All money wagered on the race was refunded as ordered by the track stewards.

★ ★ ★

WHILE ON the subject of racing, Waterford Park has been granted a record 252 days in 1966.

The track will be open almost continuously from Feb. to Dec. 31.

The first meeting will be 25 days from Feb. 26 to March 26, followed by three night meetings stretching to Nov. 19, when racing will return to daylight again.

Stars On Service Team . . .

A FORMER Wellsville High School football player has continued his sports career in the Navy and led his base team to an undefeated, untied season.

He is Seaman Personnelman Danny L. Corbisello, 20, who played halfback for the squad of Training Squadron 22 at Kingsville, Tex., where he has been stationed two years.

Corbisello scored 80 points in eight games the past season and 12 more points in tournament play. He was voted the most valuable player of the year for the base.

He also led his team in pass interceptions for the year with 10.

As a member of the training squad, he also was active in volleyball and softball.

He is to arrive home this week, having been transferred from Texas to duty aboard the ship Opportune at Norfolk Va.

His wife is Mrs. Trudy Wyand Corbisello, both of 1740 Commerce St.

He and his family will report to Norfolk at the end of December.

Corbisello played for Wellsville in the 1962 and 1963 seasons.

This 'N That In Sports . . .

RON BROWN, the No. 2 scoring punch of the Midland's title team last year, opened his college career by scoring 24 points in Point Park's 110-91 win over Penn State's Dubois team Wednesday night at Dubois.

★ ★ ★

WITH interest lacking, a meeting to reorganize the East Liverpool Pony League will be held in the near future.

Red Montgomery is resigning as president to assume duties in the Colt League and a new president must be elected.

A meeting held earlier this week showed poor attendance and the lack of interest will eventually show a decline in the program, Montgomery said.

He urged more parents of Pony League players to become interested in the program.

★ ★ ★

THE CLEVELAND Browns today announced the signing of Fred Hoaglin, son of Mr. and Mrs. George Hoaglin of East Palestine.

Hoaglin, a former East Palestine star, played center for the University of Pitt this past season.

He was the Browns No. 6 draft choice and will report to the Browns' training camp at Hiram in July. Hoaglin is 6-4 and weighs 225 pounds.

Top Rookies Selected By Golfing Magazine

NORWALK, Conn. (AP) — Homero Blancas, Jr., and Australian Margie Masters were named golf's professional Rookies of the Year today by Golf Digest Magazine.

Blancas, 27, a Mexican-American whose father is greenskeeper at the River Oaks Country Club in Houston, Tex., was selected the best newcomer on the men's Professional Golfers Association tour.

Miss Masters, a Melbourne

girl who came to the United States to improve her game, was picked as the best first-year player on the Ladies Professional Golfers Association circuit.

Findlay Back Wins Yardage Crown

NEW YORK (AP) — Findlay (Ohio) College halfback Allen Smith won the small college football rushing championship for 1965.

Smith ran for 1240 yards, statistics released today by the NCAA Service Bureau show.

Miss Masters, a Melbourne

Mayfield Is One Of State's Tallest

FROM THESE SIX players, Coach Frank Chan will draw a starting lineup for Saturday's opening game with Mayfield Heights at Memorial Auditorium. The probable starters are left-to-right Chuck Lipscomb, Chuck Winters, Vern Smith, Mitchell Jones and Jim Jones. Mike McFarland, (extreme right) may see early duty at a guard spot.

17 Contests Set For Opening Weekend

District Teams Get Ball Rolling Tonight; Wellsville, Midland Clash

A schedule of 17 games will launch the first big weekend of district basketball with 11 contests getting the ball rolling tonight.

Every team in the district, with the exception of Oak Glen and Lisbon, opens the season this weekend. Oak Glen won't launch its campaign until Tuesday while Lisbon won't take the court until next Friday.

THE MAIN event on the opening night card finds defending state champion Midland visiting Wellsville to meet the small Tiger outfit of Coach Jack McDevitt.

Midland already has tasted the basketball wars this season

FRIDAY, DEC. 3, 1965 PAGE 19

and rolled to an easy 41-40 victory over Montour and will be heavily favored over the Tigers on the Beacom Memorial court. Lloyd Stockdale makes his coaching debut tonight when Beaver Local entertains Western Beaver. The Pennsylvania team also has a game under its belt defeating Mars, 63-51, Tuesday.

IN TONIGHT'S action around

Columbiana County, Sebring visits United, which only has one letterman back from last season, while Crestview, which won a Sectional championship last season, attempts to pick up where it left off, facing Greenford at home.

East Palestine goes to Canfield while Columbiana plays host to West Branch and Al Giron's Southern Local forces

entertains Jefferson Union. A Big 8 game is on tap at Salem with Massillon invading.

In Pennsylvania, South Side travels to play its opener at South Fayette.

Wellsville goes to Beaver Local while Southern Local and Crestview hook up at the Crestview court. Stanton will be meeting a tough customer in Brilliant and Salem hosts a strong Columbus East squad.

District Cage Schedule

Tonight
Midland at Wellsville
Western Beaver at Beaver Local
Sebring at United
Leetonia at North Lima
Greenford at Crestview
East Palestine at Canfield
West Branch at Columbiana
South Side at South Fayette
Wayne at Stanton Local

At Heisman Trophy Dinner

USC Coach Claims Garrett Would Be Rams' Big Draw

By WILL GRIMSLEY
Associated Press Sports Writer
NEW YORK (AP) — If Joe Namath is worth \$400,000 to the New York Jets, then Mike Garrett should be worth twice that much to the Los Angeles Rams, says Mike's coach, John McKay.

"I realize such a figure is all out of reason," added the head football coach of the University of Southern California, "but this boy is an idol in Los Angeles—they love him out there."

"If he played for the Rams, he would draw 10,000 extra fans to every game. Multiply that by \$3 and you've got him bringing in \$30,000 additional every week."

McKay beamed proudly from the dais Thursday night while his All-America halfback, Garrett, received the Heisman Trophy as the outstanding college football player of the year.

Also on hand were Mike's mother; his step-father, William Sigur; Dr. Norman Topping, president of the University of Southern California; Athletic Director Jesse Hill, and a guest of honor, Tommy Harmon, winner of the Heisman Trophy 25 years ago.

McKay described Garrett as the greatest football player he ever saw.

Garrett spent a whirlwind day with news, radio and television men, parring, one question: What pro team is he going to play for next fall?

He said he had received no

firm offer and that he would wait awhile before making up his mind. He insisted he was ready to grab the best offer.

Most observers believe he will go to the Los Angeles Rams.

Westgate Will Open Floor Season Today

Westgate Junior High was to open its season today at 4:15 p.m. at Columbiana. East Junior High opens its campaign Tuesday at home against East Palestine. Game time is 4:15.

who chose him on the second round of the National Football League draft. But also interested are the Kansas City Chiefs of the American League, who waited until the 20th round to pick him; the Oakland Raiders of the AFL, and the Pittsburgh Pirates baseball team.

Garrett said the Pirates had told him that they plan to compete with the pro gridders in the

bidding but the Southern Cal star indicated they would have to come up with a good offer.

"I'd rather play football—I'm better at it," he said.

The Oakland Raiders are reported ready to buy the Garrett rights from Kansas City and are dangling \$300,000.

Flu Puts Oscar On Bench, Cinco Beaten By Frisco

By The Associated Press

As the Big O goes, so go the Cincinnati Royals. And Oscar Robertson wasn't going anywhere Thursday night.

Consequently, the Royals lost 125-119 to the San Francisco Warriors at Oakland Auditorium in the night's only National Basketball Association game.

Robertson was a big zero because of a sudden attack of the intestinal flu. He sat on the bench wearing street clothes.

Potters' First Foe Lists Two Starters At 6-8, Another At 6-7

One of the tallest teams that ever filed into Memorial Auditorium will be East Liverpool High's opening opponent Saturday night.

Mayfield Heights claims to have the tallest team in Ohio High School circles and the Potters may spend most of the night looking up to the visitors as they attempt to chop their opponents down to size.

MAYFIELD has a trio of tall timber as Coach Tom Eibel lists Mike Mackin and Greg Pfenninger at 6-8 each and Rich Harding, 6-7. Another starter is Steve Troeger who stands 6-3 while the midget of the Mayfield five is Mike Moses, 5-9.

The rangy Mayfield team is not unbeatable because the Cleveland area squad has lost one game in three starts.

MAYFIELD opened by defeat-

ing Orange but lost its second start to Bedford and last week downed Solon. Mayfield will play Gilmour Academy Friday night giving them four games under their belt.

The game Saturday will mark the first athletic meeting between the two schools.

COACH Frank Chan scouted Mayfield and was impressed with the fact the three big boys moved well for their size.

Meanwhile, Chan has named a starting lineup of Co-Captains Chuck Winters and Jim Jones, Vern Smith, Mitchell Jones and Chuck Lipscomb.

Winters and Smith are the lone holdovers from last season. Jones is the lone sophomore in the starting lineup winning the post after a three-way battle with Rex Campbell and Dick Witherow.

Potter Wrestlers In 8-Team Meet

Coach Dick Bryan's Potter wrestling team will launch its season Saturday by taking part in an eight-team invitational meet at Northwest High School near Canton.

Canton and Akron area teams are entered in the meet. Preliminary matches will begin at noon with finals Saturday night beginning at 8.

Wellsville Games Moved Up 15 Minutes

Reserve basketball games at Wellsville will begin at 6:45 p.m. this season, 15 minutes earlier than in previous years. Tonight's varsity game with Midland should get underway about 8:15.

The Potters have four senior lettermen returning from last year's squad including Pete Webb (103), Jerry Pillar (112), Otis Logan (127) and John Lowery (165).

East Liverpool won't have a match at home until Jan. 20 with Carrollton but will appear in the Beaver Local Invitational Tournament Dec. 18.

The 1965-66 schedule follows: Dec. 9—Carrollton, away; Dec. 18—Beaver Local Invitational; Jan. 3—Weirton, away; Jan. 6—Springfield Local, away; Jan. 13—Bridgeport, away; Jan. 18—Warren, away; Jan. 20—Carrollton, home; Jan. 27—Beaver Local, home; Feb. 1—Springfield Local, home; Feb. 3—Avella, (Pa.), home; Feb. 9—Martins Ferry, away.

Banquet Ticket Sale Will End Saturday

The ticket sale for the annual East Liverpool High School football banquet sponsored by the Nonpareil Club ends Saturday. Tickets at \$5 each may be purchased at Ray Clendenning's, Burbick's Hardware and the Louis-James Store. No tickets will be sold at the door.

the Catholic Youth Organization basketball league. During the scrimmage a basketball brushed his face, witnesses said.

League Grid Banquet Awaited At Wellsville

The Wellsville Little League Football banquet will be held Saturday at 5 p.m. at the First Christian Church on 9th St.

Trophies will be awarded the Wellsville Little Tigers, league champions.

Don Hancock is president of the league.

Heart Condition Led To Death Of Rochester Youth

ROCHESTER, N.Y. (AP) — A congenital heart condition kept John Shemming, a senior, from participating in the physical education program in a public school, officials say.

But a medical examiner ruled Thursday, following an autopsy, that this condition caused the 17-year-old Shemming's death Wednesday night during a church-league basketball scrimmage.

The boy's father later told a reporter he was aware of his son's heart condition.

Shemming, of Rochester, was a member of St. Monica's Roman Catholic Church team in

the Catholic Youth Organization basketball league. During the scrimmage a basketball brushed his face, witnesses said.

The youth collapsed and died a short time later at Strong Memorial Hospital. The medical examiner attributed the death to natural causes.

Shemming, a son of Mr. and Mrs. John G. Shemming, was not a member of the basketball team at West High School, which he attended. High school officials said because of the heart condition he was exempt from physical education courses.

Stanton's Spires Heads Class A All-Ohio Grid Squad

200-Pound Tackle Is Lone Repeater

By HAL PARIS

Associated Press Sports Writer

COLUMBUS, Ohio (AP) — Larry Spires, Stanton Local's brilliant tackle, heads an impressive array of small school gridgers named Friday on the Associated Press Class A All-Ohio high school team.

The 6-foot-1, 210-pound Spires was selected on the defensive unit for the second straight season and is the only repeater from last year's talented squad.

The jockeying for quarterback was so close that top-ranked Dover St. Joseph's Dave Myers and Mike Piacentino of runner-up Marion both landed the position.

In a rather rare occurrence, Covington's twin touchdown ter-

Hamilton Is Given

Honorable Mention

Stanton Local's Doug Hamilton was placed on the Class All-Ohio honorable mention list. Hamilton was named as a linebacker. He and his teammate Larry Spires were both all-Eastern District selections.

rors, Kent Thompson and John Flory, both made the team.

Fullback Paul Kapostasy of Fairport Harbor rounds out the first team backfield. Kapostasy, rated one of the northeast's finest performers, rushed for more than 1,500 yards.

There was little to choose between Thompson and Flory. Thompson rambled for 1,270 yards and scored 130 points while Flory piled up 1,286 yards and scored 122 points. Covington finished with a 9-1 record and nine of its opponents were Class AA schools.

Myers connected on 50 of 108 passes for 773 yards and seven touchdowns as Dover swept aside its nine foes.

Piscantino, though not as impressive with 37 completions in 84 tries for 503 yards and five touchdowns, was instrumental in guiding Marion to a perfect 9-0 season. Marion banked on a powerful running game against most of its opponents.

Dave Heimerl, Johnston's outstanding quarterback and defensive specialist, won a spot on the defensive unit. Another top signal-caller, Tom Curtis of Aurora, earned second team honors.

Bob Hood of Lake, regarded as the toughest all-around player on a team that posted a 9-0 mark, won a linebacker's berth.

Many of the small school jewels distinguished themselves against Class AA opposition and already are being sought by college coaches.

Here are the selections:

The Associated Press

Class A All-Ohio 1965

High School Football Team

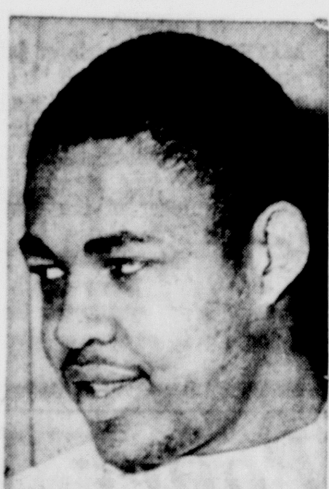

First Team Offense

Ends—John Fraas, Archbold; Ed Winston, Jonathan Alder.

Tackles—Ron Sander, Elmwood; Bob Webb, Richwood North Union.

Guards—Clark Dixon, Millersport; Mike Gorfido, Buckeye (Medina).

Center—Steve Bazzoli, Dover St. Joseph.

LARRY SPIRES

Lone Repeater On Team.

Quarterback — Dave Myers, Dover St. Joseph and Mike Piacentino, Marion Catholic.

Halfbacks — Kent Thompson and John Flory, Covington.

Fullback — Paul Kapostasy, Fairport Harbor.

First Team Defense

Ends—Bill Paulus, Kent State High; Jack Boyd, Ontario.

Tackles—Larry Spires, Stanton Local; Ron Severino, Ash-tabula St. Joseph.

Middle guard—John Vander-Kallen, Marion Catholic.

Linebackers — Gene Weyer, Sandusky St. Marys; Bob Hood, Lake; Mike Wright, Johnston.

Backs—Bill Hansel, Burton; Terry Miller, Portsmouth Notre Dame; Dave Heimerl, Johnston.

Second Team Offense

Ends — Fred Robinson, Mid-dleport; Dean West, Adena.

Tackles—Dan Burrier, Tuscarawas Valley; Mike Temple, Logan Elm.

Guards — Lloyd Davis, Union; Phil Glosser, McComb.

Center—Bob Litzenberg, Marion Catholic.

Quarterback—Tom Curtis, Aurora.

Halfbacks—Joe Deubner, Tuscarawas Valley; Glen Bridge-water, Chauncey.

Fullback—Tom Spitzer, Geneva.

Second Team Defense

Ends—Ed Yackey, Strasburg; Joe Mingus, Chauncey.

Tackles—Rich Bennett, Liberty Center; Tim Maundrell, Cincinnati Country Day.

Middle guard—Craig Schneider, New Albany.

Linebackers—Mike Von Stein, Cory Rawson; Larry Ramsey, Bellpre; Jim Sielski, Cleveland St. Stanislaus.

Backs—Herman Grant, Castalia Margaretta; Dick Taylor, West Jefferson; Bruce Ogilvie, Lancaster Fenwick.

Scribe Leans To Chicago

Baltimore Isn't Picked To Clinch Crown Sunday

By JACK HAND

Associated Press Sports Writer

NEW YORK (AP) — Baltimore can wrap it up in the Western Division Sunday by beating the rough and ready Chicago Bears if the Minnesota Vikings cooperate by knocking off Green Bay. It does not figure to come out that way. The Colts probable will have to beat the Packers next week and may go right down to the wire before clinching a rematch with Cleveland Jan. 2.

San Diego can clinch in the AFL's West by whipping New York Saturday if Oakland loses to Denver on Sunday. This doesn't figure to happen either. Heading into the stretch run after a 5-3-2 week, including Thanksgiving, the Hand-picked is 51-25-1 in the NFL, 21-15-5 in the AFL and 72-40-6 for the year. Let's try again: (All games Sunday unless otherwise noted):

NFL

Chicago 28, Baltimore 24—Two hot teams collide head-on. Bears have won seven of their

last eight and Colts are 9-1-1 for the season. Papa Bear still burning about the disputed call on Raymond Berry's TD catch that won Nov. 7 game 21-16.

Green Bay 24, Minnesota 13—This is a real must for Packers after upset by Rams. Vikings appear all shook up since the Dutchman walked out and then walked back in.

Cleveland 28, Washington 21—Natural spot for Browns' let-down after clinching but Jim Brown needs only one more TD to tie the record and this will be final game of season at Cleveland.

New York 21, Pittsburgh 14—Giants beat Steelers 23-13 on road, also 16-7 in exhibition season. Figure to do it again despite rush of John Baker and Ben McGee.

San Francisco 24, Detroit 21—Defense will keep Lions in ball game but 49ers have explosive attack with John Brodie on the beam and Ken Willard to run at that big front four.

Philadelphia 28, Dallas 20—Cowboys have been making a

career out of losing toughies. Both Norm Snead and Timmy Brown are hurting but will play for favored Eagles.

St. Louis 21, Los Angeles 14—Charley Johnson has to start hitting with all those rookies in Rams' secondary. Roman Gabriel looked good beating the Packers and could take advantage of those green Cardinal safety men.

AFL

San Diego 24, New York 17 (Saturday)—Chargers need this one after winning only one of last four. Don Maynard's dropped passes and six jet fumbles killed New York in early 34-9 loss.

Oakland 28, Denver 21—Oakland must keep on winning to stay in the Western race. Both teams have had two weeks off since Nov. 21 game in which Raiders beat Broncos 28-20 on interceptions. Oakland has the passing and Denver pass defense shoddy.

Buffalo 21, Houston 14—Bills already have clinched Eastern title and won't take chances.

Cincy Attempting To Deal Robinson

By RON SPEER

Associated Press Sports Writer

MIAMI BEACH, Fla. (AP) — Cincinnati is trying to swap off its big gun, slugging outfielder Frank Robinson, for players the Reds think might help them win the 1966 National League pennant.

"This is the biggest news of the week at the baseball meetings, in my opinion," said Bob Bragan, manager of the Atlanta Braves. "I didn't think the Reds would be willing to let Robinson go."

Bragan was involved in a major deal of his own that would give the Braves a relief pitcher they are seeking. The Braves and the Kansas City Athletics are near agreement on a deal that would send relief ace John Wyatt of Kansas City to Atlanta for outfielder Rico Carty.

Both the A's and the Braves decided at 1:30 a.m., EST, today "to sleep on the deal" before making a final decision.

Baltimore and Houston are the known clubs with which Cincinnati has tried to work out deals for Robinson, but both rejected proposals by the Reds.

Trades made, however, at the major league meetings Thursday sent Chicago Cub reliever Lindy McDaniel to San Francisco in a four-player swap, and Baltimore first baseman Norm Siebern to the California Angels

for 22-year-old rookie outfielder Dick Simpson.

Robinson had a typical year in 1965 for the Reds, who finished fourth in the National League but were in the running until the final days. The 30-year-old veteran of All-Star games batted .296 and hit 33 home runs.

The slick-fielding slugger's best year was in 1962, when he batted .342, hit 39 home runs and drove in 136 runs.

Reports that Robinson might be traded came in the wake of a deal that sent McDaniel and outfielder Don Landrum to San Francisco. The Giants got the two veterans for a pair of youngsters, pitcher Bill Hands and catcher Randy Hundley.

McDaniel, 29, who in the last seven years has never appeared in less than 55 games a season, won five games and lost six for the Cubs in 1965. Landrum, 29, had his best year in the big leagues last season when he hit .226 in 130 games.

Hands had a 0-2 record for San Francisco in 1965 after being brought up from Tacoma, where he won his first eight

games and pitched six shutouts. Hundley, a \$90,000 bonus baby with the Giants in 1960, hit .240 for Tacoma last summer, but is considered a top defensive catcher.

National League owners rejected applications for 1966 major league franchises in Milwaukee and Dallas-Fort Worth, contending that "none of the applicants would be able to operate a franchise" by next summer.

Rejection of the Milwaukee bids is expected to increase the animosity in the Wisconsin city against the transfer of the Braves to Atlanta. Several court suits objecting to the move are still pending in Wisconsin.

Fight Results

BALTIMORE — Tank Hill, Baltimore, outpointed Brad Silas, Washington, 10, welterweights.

LOS ANGELES — Luis Rodriguez, 150, Miami, Fla., outpointed Eddie Pace, 151, Santa Monica, Calif., 10.

Robber Netted \$1.123

From Bank At Willard

WILLARD, Ohio (AP)—A bank audit shows that a holdup man threatening to blow up the Willard United Bank escaped with \$1,123 Thursday.

The bushy browed robber entered the bank while 19 customers and 11 bank employees were present, but just one knew the robbery was in progress.

The middle-aged man wearing a blue, hooded jacket silently thrust a note to Mrs. Jeanette Risner, a teller, saying he wanted money or he would blow up the bank with a bottle of nitroglycerine.

The teller handed him a \$1,000 bill and a \$123 bill.

The teller handed him a \$1,000 bill and a \$123 bill.

UCLA Coach Worried, Freshmen Top Varsity

By TED MEIER
Associated Press Sports Writer
Maybe the UCLA Bruins won't win an unprecedented third straight national collegiate basketball championship after all.

The Bruins, ranked No. 1 in the preseason Associated Press poll, open their season at home against Ohio State tonight and Coach Johnny Wooden is concerned, especially since the UCLA frosh beat the varsity 75-60 in an exhibition last Saturday night.

"I wasn't particularly surprised," Wooden said after Lew Alcindor, the 7-foot-1 frosh star, had paced the yearlings over the varsity. "But I was disappointed in the play of the varsity, especially at their apparent loss of poise. It makes me concerned."

Ohio State opened its season Wednesday night with a 76-74 road victory over Missouri and Wooden declared "from all reports the Buckeyes must be on the way again this year."

Activity throughout the nation slackened off Thursday night after Wednesday's opening night deluge.

Jets' Player Helps Quell Draft Bribe

By MIKE RATHET
Associated Press Sports Writer
NEW YORK (AP) — Bob Schweickert of the New York Jets hasn't caught a pass as a pro football player, but he helped the FBI catch an Army recruiting sergeant who allegedly solicited a \$200 bribe from the player to help him beat the draft.

The recruiting sergeant, arrested Thursday, was identified by the FBI as Staff Sgt. Winfred Lewis, an 18-year veteran who won three battle stars in Korea and earned a Purple Heart as well because of a shrapnel wound in the leg.

John F. Malone, assistant director of the New York office of the FBI, said FBI agents arrested Lewis outside a recruiting station in the Jackson Heights section of Queens after Schweickert handed him the bribe.

The 22-year-old Schweickert, a former star Virginia Tech quarterback who signed for a reported \$100,000 bonus and has been turned into a receiver, reported for his Army pre-induction physical about two weeks ago, according to the Jets.

The FBI said Lewis had solicited a sum of money from the player to see that his name would be placed at the top of the waiting list to join the National Guard, enabling Schweickert to serve six months of active duty instead of two years if he were drafted.

According to Sonny Werblin, the Jets' owner, Schweickert was told by the sergeant that the matter could "be properly taken care of" — \$200 would do the trick.

"Bob told us immediately about the matter," said Jets' Coach Weeb Ewbank in San Diego where the team meets the Chargers in an American Football League game Saturday.

"He told us, 'I want to play football and fulfill my military obligation. But I certainly don't want to be part of anything illegal.'"

The FBI statement said in part:

"Allegedly Lewis, when contacted by a draft-eligible member of the New York Jets football team, solicited a sum of money and in return, Lewis would see that this individual was put at the top of the list of those desiring to enter the National Guard."

"This information was furnished to the FBI through the cooperation of the New York Jets management after they had been contacted by one of their players who had immediately reported this information."

Lewis, married and the father of one child, faces a maximum penalty, if convicted, of 15 years in prison and a \$20,000 fine. He was arraigned before U.S. Commissioner Max Schiffman and released in his own recognizance to await grand jury action.

644 Schools In NCAA

KANSAS CITY (AP) — The membership of the National Collegiate Athletic Association is at an all-time high of 644, Walter Byers, the NCAA executive director, said Thursday.

The boys were admitted to the hospital in critical condition but Flynn's condition was reported fair this morning.

Rome (AP) — Tommaso Galli of Italy defends his European bantamweight boxing championship against challenger Walter McGowan of Scotland here tonight.

Details Due Monday

New Guides Set To Ease U.S. Payments Balance

WASHINGTON (AP) — Johnson administration finance experts, seeking to ease the nation's balance of payments deficit, were busy today filling in the blank spaces for a complete set of specific guidelines for business spending abroad.

The aim of the Cabinet committee on balance of payments is to achieve President Johnson's newly announced goal of limiting the dollar outflow to less than \$250 million a year. The outgo is running now at five times that rate.

Johnson assigned his press secretary and top aide, Bill D. Moyers, to preside at a White House briefing session for explanation of the program, to be announced formally to the nation's businessmen on Monday.

A battery of top economic and defense officials backed him up. Treasury and Commerce Department officials emphasized in advance there would be no deviation from the government's voluntary approach to overseas spending, inaugurated last February.

No further restrictions on spending by U.S. tourists were anticipated, although Americans are expected to spend \$1.8 billion more overseas this year than visitors will spend here.

President Johnson designated his press secretary and No. 1 assistant, Bill D. Moyers, to preside over the news conference, accompanied by a battery of top economic and defense officials.

Mother Held In Shooting

LANCASTER, Ohio (AP) — Doctors at Columbus Children's Hospital strived today to keep alive two small Fairfield County youngsters shot, authorities said, by their 25-year-old mother Thursday night.

Bradley McIlwain, 4, was shot in the temple and his brother Flynn, three months in the chest at the home of their grandparents, Mr. and Mrs. Charles Kennedy, north of here.

The boys were admitted to the hospital in critical condition but Flynn's condition was reported fair this morning.

Mrs. Carolyn McIlwain, the boys' mother, also was hospitalized, in Lancaster, after jumping through a storm window.

Sheriff's deputies said Mrs. McIlwain apparently shot the two boys in a locked bedroom, using a .22-caliber revolver with three bullets. They said she then turned the gun on herself but the third shot misfired, then she leaped into the window.

She suffered multiple body lacerations.

Investigators said the shooting occurred shortly after Mrs. McIlwain's husband, William, 27, a bricklayer from Canal Winchester, visited the house. The couple recently separated.

Young Brad then disobeyed his grandmother and mother when they tried to get him to take a bath, deputies said, and Mrs. McIlwain lost control.

Burglars Couldn't Get Bite During Bank Visit

RAWLINS, Wyo. (AP) — Would-be bank burglars got their fishing lines tangled and came up with no catch.

Rawlins police found a plastic sack with four fishing lines rigged on the corners at the night depository of the Rawlins National Bank. Officers theorize the thieves tried to catch money dropped in the night depository in the plastic sack and retrieve it with the fishing lines.

But officers said the depository is so constructed that when the fishing lines were pulled up, the lines were severed.

Jury Weighs Verdict For 3 Klansmen

MONTGOMERY, Ala. (AP) — A federal jury is deliberating the fate of three Alabama Ku Klux Klansmen on conspiracy charges stemming from the death of a white civil rights worker, Viola Gregg Liuzzo.

U.S. Dist. Judge Frank M. Johnson Jr. locked up the white male jurors for the night late Thursday after they failed to reach a decision during more than seven hours of deliberation.

Colle LeRoy Wilkins Jr., 22, of Fairfield, Ala.; William Orville Eaton, 41, and Eugene Thomas, 42, both of Bessemer, Ala., are charged with conspiring to violate the civil rights of Americans.

The indictment against the trio makes no mention of Mrs. Liuzzo, mother of five and wife of Detroit Teamsters Union official Anthony Liuzzo, but the testimony centered around her death.

She was fatally shot March 25 as she ferried demonstrators back to Selma following the historic march on Montgomery.

The jury got the case at 10:04 a.m. Thursday after an hour charge by Judge Johnson.

Johnson told the jurors, "I as the judge and you as the jury are not concerned with furthering or impeding any political or sociological cause" such as those advocated by the Southern Christian Leadership Conference or the Ku Klux Klan.

The judge also said that although the defendants were being tried together, "they stand guilty or innocent separately from each other."

Colle LeRoy Wilkins Sr., and his wife, remained near their son who already has been tried twice in Alabama courts on state charges in connection with the death of Mrs. Liuzzo. One ended in a mistrial and the other resulted in an acquittal.

The government indictment carries a maximum of 10 years in prison and a \$5,000 fine.

Midland

(Continued from Page 1)

lin, Solicitor Frank A. Suffoletta and Borough Secretary Edward Cilli.

Crucible representatives were A. L. Breakiron, community relations manager, John Kocur, company legal aide, and Severen Kitzridge.

In a meeting prior to the session with borough and Crucible officials, the Smoke Control Association took steps to take specific measures to solve another pollution problem — that of stone dust caused by asphalt companies.

The frequency of complaints against the various companies in the 13 - county region has placed this problem in the foreground of control problems, the association said.

No asphalt concerns in the immediate area are involved in this phase of the investigation, it was pointed out.

The use of rotary dryers and the blending operations in the production of asphalt goods appears to be the primary sources of the pollution of the atmosphere around the plants, officials said.

"Uniform measures which would include all plants in alleviating this form of pollution should be drawn up and imposed," Leabey commented.

A letter explaining the problem will be sent to the state commission, with the hope of assistance in easing the problem, he explained.

The commission also discussed the progress of other industries in converting plant operations for clearing the air of smoke, odors and other annoying substances which are discharged in the production of materials.

House Bill 1456, which is in its third reading in the House at Washington, also was discussed.

Leabey commented that with the passing of the Federal Clean Air Act, all facets of air pollution has become more uniform. "Federal, state and local control commissions are able to work with each other in a more uniform governing manner, allowing for better control measures."

The federal act also involves the exhaust systems of automobiles and the 1968 models will have smoke controls built into the engines or filters installed on the mufflers, Leabey said.

U.S. Conducts Atom Tests On Nevada Site

WASHINGTON (AP) — The biggest announced nuclear test this year was conducted underground today at the Atomic Energy Commission's Nevada test site, the AEC reported.

It was described as a blast of intermediate yield, meaning the explosive force was equal to that of 200,000 to one-million tons of TNT.

Motorists Fined In Arfman Court

An East Liverpool man forfeited an appearance bond and six other area motorists were penalized in traffic hearings Thursday before County Judge Herbert E. Arfman at East Palestine.

Wilbert P. Taylor of 423 Grant St. forfeited a \$25 bond on a charge of failure to display a highway use tax decal on a truck.

Mrs. Ida Calvin Balser of Post Office Box 68, West Point, was fined \$15 and costs on a charge of failure to yield the right-of-way. Gary Lee Davis of Pine Tree Circle, East Palestine, paid a fine of \$25 and costs on a charge of operating an auto left of the center line.

Fines of \$15 and costs were decreed for four others. The defendants and the charges are: Theodore Mesmer of Post Office Box 229, East Palestine, speeding; James Duley of Post Office Box 297, East Palestine, left of center; Paul F. Williams of Mill St., Rogers, failure to obey a traffic signal, and Rudolph W. Marx of 225 W. Lincoln Way, Lisbon, failure to yield the right-of-way.

Harold B. Dixon of Lisbon pleaded not guilty to a charge of failure to signal a turn. His hearing was set for Dec. 9 at 2 p.m.

White Faces Prison For Killing Negro

ANNISTON, Ala. (AP) — For the first time in recent Alabama history, a white man has been convicted of murder in the slaying of a Negro.

Hubert Damon Strange, 25, was convicted Thursday of second-degree murder. The white male jury set his penalty at 10 years in prison.

Judge Robert M. Parker set sentencing for noon EST today.

The conviction of Strange for the murder of Negro foundry worker Willie Brewster, 38, followed two recent acquittals of white men in Alabama civil rights slayings. The acquittals brought a renewal of Alabama demonstrations by the Southern Christian Leadership Conference, a civil rights group headed by Dr. Martin Luther King Jr.

There have been at least two manslaughter convictions of whites in modern Southern history for the slaying of Negroes in cases linked to recent racial tension.

Johnnie Mae Chappel, 35, Negro, was shot and killed in Jacksonville, Fla., during racial demonstrations on March 23, 1963. J.W. Rich, 22, a white man, was sentenced to 10 years for manslaughter.

Virgil Ware, 13, a Negro, was shot to death Sept. 15, 1963, in the aftermath of a Negro church bombing which killed four girls in Birmingham, Ala. Two white youths were convicted of second-degree manslaughter and released on probation.

The conviction of Strange came as a shock to those in the Calhoun County Courthouse, especially to J. B. Stoner, defense attorney, who had confidently predicted acquittal or, at worst, a mistrial.

Stoner asked quickly that the jury be polled. Each juror told the judge that was his verdict. Stoner said he would appeal.

Strange, a service station attendant, stood with his hands on his hips as the verdict was read. Then he frowned and shrugged his shoulders before he was led away.

Parker told the jurors that any attempt at intimidation because of their decision should be reported to the court.

Two other white men have been charged with the slaying. One, Lewis Blevins, 26, said after the verdict: "I don't see how they could convict on that evidence. Strange was convicted on pressure by the newspapers before he was tried."

LEGAL NOTICES

LEGAL NOTICE

Thomas O'Rourke, whose place of residence is unknown and cannot by reasonable diligence be ascertained, will take notice on the 13th day of October, 1965, Lois O'Rourke filed her petition against him in the Court of Common Pleas of Columbiana County, Ohio, the same being Case No. 30386 in said Court, praying for a divorce from him, for custody of the children, and for the partition and other relief on the grounds of extreme cruelty and gross neglect of duty.

Said Thomas O'Rourke, defendant therein, is hereby notified that he is required to answer said petition on the 20th day of December, 1965, and that said cause will go on for hearing on said day at 9:00 a. m. or as soon thereafter as the Court may conveniently hear the same.

AA Dealer
Needs Cars —
and Pick Ups, Too

Must be exceptionally sharp. Will
pay cash or if payments are too
high we will trade back to older
model and finance balance to be
paid off. Why not trade your old
car or high payment costly oper-
ating car back on a Volkswagen?
All for no money down—just good
credit. Up to 48 months to pay
at bank rates. Volkswagen oper-
ates for approximately 1c per
mile. It uses any regular gas and
gets up to 36.3 miles per gallon
at speeds between 30 to 50 miles
per hour. It holds 3.5 pints of oil
and transmission only holds 3.5
pints of gear lube. Tires?? We
have a customer in Allquippa
with 88,000 miles on the original
tires, one in East Liverpool with
a 1957 Volkswagen with up to
95,000 miles before he bought his
first tires. (Their names given
upon request.) You can do this
with proper rotation and inflation
of the tires. New front fender
costs only \$18.95 and new rear
fender costs only \$14.95. Yes, we
still have the compact with the
lowest rates of any kind of in-
surance. Would you please check
some compacts. Note that they
are no longer compacts costing
double any way you figure today.
May our courteous salesmen
prove what we say are true facts.
We ask you to compare resale
value of a Volkswagen. There is
a small depreciation instead of
the big costly operating car. Big
depreciation on some models that
you could purchase a like new
Volkswagen. Do you know Volks-
wagen eliminates many costly
items such as radiators, water
pumps, anti-freeze, universal
joints, etc. The motor is air-
cooled, rear engine car. The
weight is applied where it is
needed most. Resulting that you
go in the snow, mud, or sand.
Rarely do you need snow tires
or chains. If kept serviced and
cleaned an extra sharp car you
can trade from year to year for
what it would cost you on big
costly cars with power steering,
power brakes, power seats, and
windows, antennae and automa-
tic transmission. A Volkswagen
starts at \$1585 P.O.E. You pay
less and you save up to 50c on
each \$1 while driving a Volks-
wagen compared to a big costly
car. Come in and see our sales-
men — Don Harris, Dave Houk,
Bob Lynch, and Curley Gibson.
Let them show you the facts.
Why don't you join the millions
who are turning to economy by
driving a Volkswagen as a first
car or a second car for Mother,
school teacher, salesmen, college
students, mailmen and anyone
going any distance to work. Think
how long you sit in traffic and
use so much gas going nowhere
versus a Volkswagen sitting in
traffic. Be our guest. Let us take
you for a test drive and you be
the judge. You will have the
surprise of your life. See us for
a free complete demonstration
drive. May be inspect your car
or any car at our Volkswagen
garage? For Service call Paul
Nelson or Parts Manager Earl
King or Service Manager Bill
Commella. Phone 775-4550 at Rea-
ver Valley "Your factory Volks-
wagen dealer."

Junior Editors Quiz on
NUMBERS

ANSWER: It is probably that numbers came from the tally system (1) which is thought to have been used by prehistoric men to keep track of their possessions. If such a man had five sheep, he might pick out five stones to represent them; if a lamb was born, he would add another stone. A big step was to use a word instead of the group of stones (2). Gradually a collection of "counting words" was formed. As language and writing developed, it was natural for men to search for marks or symbols to write down or note their counting words. Such symbols became known as "numerals," and we show how they appeared in different civilizations in regard to the number 10. You will notice that the Arabians had the same two symbols for 10 which we use today. The other nine symbols also were the same as ours. It is not known exactly how the Arabs arrived at their counting system, which has been one of the most important contributions to human progress in all history. These symbols for the digits, as well as the important use of the zero, probably originated in India and were then adopted by the Arabs. The great value of this system was in the placement of single numbers so that those to the left would have a higher value, such as by ten times, or a hundred times.

FOR YOU TO DO: Take a sheet of paper and a pencil. Now pretend you're living in the world before the Arabs brought in their system. Make your own symbol for the number one and write it nine hundred times--wait, that's too much of a chore. Just write down the Arabic numerals for nine hundred--don't you see how much easier that is?

Mary Rose Robinson of Collingdale, Pa., wins today's combined prize of Compton's Illustrated Science Dictionary plus \$10 cash for this question. Mail yours on a postcard to Junior Editors in care of The Review.

Today In History

By The Associated Press
Today is Friday, Dec. 3, the 337th day of 1965. There are 28 days left in the year.
Today's highlight in history:
On this date in 1925, George Gershwin played his "Concerto in F" at Carnegie Hall in New York, the first jazz piano concert in musical history.
On this date
In 1818, Illinois was admitted to the Union.
In 1910, the founder of the Christian Science Church, Mary Baker Eddy, died.
In 1917, President Woodrow Wilson recommended that Congress vote a declaration of war against Austria-Hungary.
In 1941, President Franklin

Roosevelt announced the extension of lend-lease aid to Turkey.
In 1945, the Arab league announced that a boycott against goods made by Jews in Palestine would go into effect shortly.
Ten years ago -- the U.N. General Assembly approved the establishment of an international commission on the peaceful uses of atomic energy.
Five years ago -- Russia denounced U.N. Secretary General Dag Hammarskjöld and the Western powers as responsible for the arrest of deposed premier of the Congo, Patrice Lumumba, and it demanded his release.
One year ago -- Pope Paul VI was in India for a eucharistic congress.

Bringing Up A Family

By Dr. GARRY MYERS
Parents Should Check Child's Homework

During the campaign in which he late John Fitzgerald Kennedy was running successfully for the Presidency, his mother wrote an article on how her children were brought up at home. One item in that article I remember: the parents carefully checked on the schoolwork of the Kennedy children during their elementary school years. I gathered the impression that the Kennedy children practiced at home in neatness and accuracy of work written for school.

The other day a father told me he had been checking the written homework of his son, twelve, and was distressed over its poor spelling, untidy appearance and illegibility.

RESOLVING to help this lad improve, he went over one of his written papers of less than a page and spelled correctly for him the words he had misspelled. Then he directed the lad to copy this short paper carefully and correctly.

"When he finished," the father added, "he had spelled four words wrong, with the correct copy right before him."

Thousands of other parents could report like experiences. This father is an educator of considerable eminence and the author of several professional books.

As we talked together, we agreed that there is little in the practice of the school or home which causes children to create or copy written work with accuracy and neatness.

"Isn't there a great deal of time wasted by children in the grades at copying words and sentences from the blackboard or from dictation?" I asked him.

HE AGREED, but also noted that what the child copies is rarely checked for accuracy, neatness and legibility.

Then I recalled the many letters I have received from parents about the untidy written

work of children and its bad spelling.

We agreed that, while copying by children at school should generally be reduced, there is a place for requiring each child to copy by hand some very brief exercises; for requiring him to do so accurately and neatly and observe the correct spelling, capitalization and punctuation.

Since my talk with this father, I have recalled my recent columns discussing the importance of checking by parents the written work prepared by their child for school, and of requiring him at times to redo this work.

This may not be enough. Parents also need to recheck the written work which the child has redone. Let us hope his written work will be shorter than that required by most teachers.

IF YOUR child in the grades is a problem in this direction, I would advise that you have him copy neatly and carefully in his own handwriting a prose paragraph of less than 100 words, doing this evening after evening, with new material, until he attains a reasonably high degree of neatness and accuracy. This is a simple matter any parent might direct successfully.

My bulletins, "Educating Your Child in Responsibility," and "Your Child and His Handwriting," may be secured by sending a self-addressed stamped envelope to me in care of The Review.

2 Power Firms Settle 11 Suits Out Of Court

WAVERLY, Ohio (AP)—Ohio Valley Electric Corp. here and Indiana-Kentucky Electric Corp. reported Thursday they have settled out of court antitrust damage suits against General Electric Co. and Westinghouse Corp.

Philip Sporn of New York, president of the two firms, said GE paid \$11,523,000 and Westinghouse \$6,225,000 on a total of five and six suits, respectively.

Services Slated For Ex-Editor, 77

MCCONNELSVILLE, Ohio (AP)—One of Ohio's and the nation's best known small town newspapermen will be laid to rest Saturday in the person of Wilbur D. Matson of the Morgan County Herald.

Matson, who retired in 1959 after 46 years as editor of the weekly, died Wednesday at age 77, five months after suffering a stroke.

Matson's editorials, of conservative bent, were widely quoted in newspapers across the nation and he was a frequent contributor to metropolitan dailies.

He was four times a delegate to Republican National conventions, a good friend of the late President Herbert Hoover and Sen. Robert A. Taft, and a grower of prize beef cattle.

A bachelor, Matson leaves four nephews.

Middletown Prepares Cookies For Viet Units

MIDDLETOWN, Ohio (AP)—Mrs. Carl Monroe and Mrs. Terry Bowman say they will dip into their grocery money if they have to in order to send more Christmas cookies to servicemen in South Viet Nam.

Housewives in Middletown and neighboring cities baked 190 pounds of cookies and Mrs. Monroe and Mrs. Bowman said they mailed six 19-pound parcels Thursday.

The air mail parcels cost \$15.80 each. The two women said they had collected \$90 for mailing and received another \$30 after their trip to the post office—but even that left them \$38.00 short.

Michigan Aide Vows Land Won't Be Ceded

TOLEDO, Ohio (AP)—Michigan's attorney general Frank Kelley, declares that "not an inch of the Lost Peninsula will be ceded to any other state or to any municipality of another state."

The Michigan official appeared here Thursday before a joint House-Senate committee studying a boundary dispute between Michigan and Ohio. The hearing dealt with the future of the so-called Lost Peninsula, a square mile of territory in Michigan surrounded by Lake Erie on three sides and the State of Ohio on the other.

Jury Indicts Mother Who Killed 5 Children

HONOLULU (AP)—The Oahu grand jury returned a first-degree murder indictment Thursday against Mrs. Margaret Young, 38, accused of drowning her five children Nov. 22.

Life imprisonment is the maximum penalty for first-degree murder in Hawaii.

Mrs. Young is the wife of Air Force Capt. James Young, a native of San Antonio, Tex. Police say she drowned their five children in the bathtub of their home in Aiea, Hawaii. She is being held without bail.

Girls Guild, Other Groups Conduct Meetings At Lisbon

LISBON — Fifteen members of the Girls Guild of St. Jacob's United Church of Christ met at the home of Miss Marcia Ferguson of N. Jefferson St. Wednesday night.

Miss Kathy Caldwell presided during the business session when plans were made for the group to sing carols and provide treats for the shut-ins of St. Jacob's Church on Dec. 23. Each girl is to bring a dozen cookies, in a plastic bag, to be packed in containers at the church.

Wednesday's program, under the direction of Miss Kathy Halverstadt, included a gift exchange.

A gift was presented Mrs. Kenneth Baker, retiring councilor of the Guild. Mrs. Jan Halverstadt will be the new councilor to serve with Mrs. John Halverstadt.

The next meeting will be Jan. 5 at the home of Miss Mary Miller, with members asked to bring old Christmas cards.

Prizes Awarded For 500 Amie Eight Club members were guests of Mrs. Thomas Washam of E. Chestnut St. Wednesday night.

Prizes for 500 were awarded Mrs. Tom Kastner and Mrs. Eugene Tolson.

Christmas plans for the club's

next meeting Dec. 15 include a dinner party at the Wick Hotel, followed by a gift exchange and social at the home of Mrs. Russell Albright of E. Lincoln Way.

Bridge Club Meets

The Wednesday Night Bridge Club met at the home of Mrs. George Yost on N. Market St., with Mrs. Randall Forbes a guest.

Miss Gladys Loudon and Mrs. Victor Williams received high honors.

Mrs. Ross Carnes of N. Bea-

ver St. will entertain Dec. 15.

Key Clubs Hold Meeting

Jerry Mason, president of the Key Club of David Anderson High School, accompanied by Michael Monda, Tom Doyle, John Rumberger, Don Lewis, president of the Lisbon Kiwanis Club, sponsors of the key club, A. Monty Muntean and Cornell Monda, attended a dinner meeting of Division 19 Key Clubs Tuesday night at the VFW in Salem.

Seventy-five were present, with Lt. Gov. Gregg Mollenkopf of East Palestine presiding. "Sportsmanship" was the topic by Fred Cope, Salem High School athletic director, guest speaker.
